

based facilities, one is a mobile cart, and thirteen are pumpout boats. Eight of the sixteen fixed, shore based facilities discharge to holding tanks which have capacities ranging from 110 to 1000 gallons. The other twenty-two facilities discharge directly to municipal sewage systems. In addition, there are shoreside restrooms located at the majority of marinas.

The estimated number of boats registered to residents in Buzzards Bay is 13,163 according to Registry of Motor Vehicle data. The State of Massachusetts estimates there are 2000 registered vessels in Buzzards Bay that may have Marine Sanitation Devices. In addition

to the vessels that reside in Buzzards Bay, there is an estimated transient population of 700 vessels which may have marine sanitation devices.

In 1987 Buzzards Bay was designated as a National Estuary Program. In 1991 the Comprehensive Conservation and Management Plan was approved for the Bay and its watersheds. The Comprehensive Conservation and Management Plan recommends that the Bay become a No Discharge Area to achieve greater water quality protection. The eleven municipalities surrounding Buzzards Bay express support for the Bay wide No Discharge Designation.

Comments and reviews regarding this request, to designate approximately 210 square miles in Buzzards Bay becoming as a No Discharge Area, for the boating population, may be filed on or before July 17, 2000. Such communications, or requests for information should be addressed to: Ann Rodney, U.S. EPA New England Region, 1 Congress Street, Suite 1100, CWQ, Boston, MA 02114-2023, (617) 918-1538, (617) 918-1505 (fax), [rodney.ann@epa.gov](mailto:rodney.ann@epa.gov)
