

5:00 p.m., Pacific Daylight Time (PDT), on Thursday, July 20, 2000, and conduct an access and restoration field tour from 8:00 a.m. to 2:00 p.m., on Friday, July 21, 2000. Topics to be discussed by the Council include Interim Sage Grouse Guidelines update, Steens Mountain Designation update, Owyhee River Canyon Litigation update, Off-Highway Vehicle Strategy, Southeastern Oregon Resource Management Plan update, Lakeview Resource Management Plan (RMP) update, and such other matters as may reasonably come before the Council. The entire meeting is open to the public. Public comment is scheduled for 11:00 a.m. to 11:30 a.m. PDT on Thursday, July 20, 2000.

An optional BLM Lakeview RMP field tour will meet on Wednesday, July 19, 2000, at 7:00 a.m. at the BLM Lakeview Interagency Office to participate in discussions and issues concerning the Lakeview RMP. Additional information concerning the Lakeview RMP optional field tour may be obtained from Dwayne Sykes, RMP Team Leader, Lakeview Interagency Office, 1300 South G Street, Lakeview, Oregon 97630, (541) 947-2177, or Duayne_Sykes@or.blm.gov.

The Southeast Oregon Resource Advisory Council will meet again the following dates in the year 2000.

DATES: 10/19-20/2000.

PLACE/LOCATION: Lakeview District Office, BLM; Lakeview, Oregon.

FOR FURTHER INFORMATION CONTACT:

Additional information concerning the Southeast Oregon Resource Advisory Council may be obtained from Holly LaChapelle, Resource Assistant, Burns District Office, HC 74-12533 Hwy 20 West, Hines, Oregon, 97738, (541) 573-4501, or HollyLaChapelle@or.blm.gov or from the following web site <http://www.or.blm.gov/SEOR-RAC>.

Dated: June 8, 2000.

Craig M. Hansen,

Three Rivers Resource Area Field Manager.

National Park Service

National Register of Historic Places; Notification of Pending Nominations

Nominations for the following properties being considered for listing in the National Register were received by the National Park Service before June 10, 2000.

Pursuant to § 60.13 of 36 CFR Part 60 written comments concerning the

significance of these properties under the National Register criteria for evaluation may be forwarded to the National Register, National Park Service, 1849 C St. NW, NC400, Washington, DC 20240. Written comments should be submitted by July 5, 2000.

Carol D. Shull,

Keeper of the National Register.

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation**

[INT-FES 00-21]

**Bostwick Division, Frenchman-
Cambridge Division, and Kanaska
Division, Almena Unit**

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice of availability for Final
Environmental Impact Statement (FEIS).

SUMMARY: Pursuant to section 102(2)(C)
of the National Environmental Policy
Act of 1969, as amended, the
Department of the Interior, Bureau of
Reclamation, has completed the FEIS on
the renewal of one long-term water
service contract and the conversion of
four long-term water service contracts to
repayment contracts for irrigation water
from Federal projects in the Republican
River basin in Nebraska and Kansas.
The FEIS describes six alternatives,
including no action and a new
“Negotiated Alternative,” and evaluates
the environmental consequences of
renewing the long-term water service
contract, the conversion to repayment
contracts, and the modifications to
district operations.

Reclamation’s proposed action is to
renew the long-term water service
contract for the Frenchman Valley
Irrigation District and convert long-term
water service contracts for the
Frenchman-Cambridge, Bostwick in
Nebraska, Kansas-Bostwick, and
Almena irrigation districts. The
proposed action exercises the provisions
of several Federal laws applicable to
Reclamation.

ADDRESSES: Printed copies of a
Summary of the FEIS or the entire FEIS
(with appendices) may be obtained from
Judy O’Sullivan, Nebraska-Kansas Area
Office, P.O. Box 1607, Grand Island NE
68802 or by telephone at (308) 389-4622
x211. Copies are also available for
public inspection and review on the
Internet at “www.gp.usbr.gov” in the

“Current Activities” section under
“Environmental Activities.”

See Supplementary Information
section for additional addresses where
the FEIS is available for public
inspection and review.

FOR FURTHER INFORMATION CONTACT: Jill
Manring, Basin Study Coordinator,
Nebraska-Kansas Area Office, P.O. Box
1607, Grand Island NE 68802—
telephone (308) 389-4622 x214.

- The FEIS considers the effects of renewing one long-term water service contract and converting four long-term water service contracts to repayment contracts. The authority for contract renewal and conversion is found in the Act of July 2, 1956, 70 Stat. 483, and the Act of June 21, 1963, 77 Stat. 68, which requires the Secretary of the Department of the Interior to renew long-term water service contracts and to convert long-term water service contracts to repayment contracts upon request.

Federally-developed impoundments in the Republican River Basin have been providing supplemental irrigation water to the irrigation districts since 1956. These irrigation districts include the Almena, Bostwick, Frenchman Valley, Frenchman-Cambridge, and Kansas-Bostwick irrigation districts. The original long-term water service contracts had terms of 40 years and began to expire in 1996. In order to continue the rights and obligations of the original contracts during the contract renewal process, these contracts were extended for an additional four years as authorized by Congress in the Irrigation Project Extension Act of 1996, Public Law 104-326.

The long-term water service contract with the Frenchman Valley Irrigation District will have a term of 40 years beginning on January 1, 2001. The repayment contracts with the Almena, Bostwick, Frenchman-Cambridge, and Kansas-Bostwick irrigation districts will each have a repayment period of 40 years.

The FEIS evaluated six alternatives, including the No Action Alternative and a new Negotiated Alternative, and described the environmental consequences of contract renewal and conversion. The following issues are considered in the FEIS: water resources, water quality, recreation, regional income, environmental justice, reservoir riparian vegetation, riverine riparian vegetation, wetlands, threatened and endangered species, avian and terrestrial wildlife, migratory waterfowl, aquatic resources, biodiversity, Indian trust assets, cultural resources, sacred sites, and cumulative impacts.
