Health Resources and Services Administration

Targeted Capacity Building Assistance for HIV/AIDS Primary Health Care Program Announcement

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice of availability of funds; request for letters of intent to apply.

SUMMARY: The Health Resources and Services Administration (HRSA)

announces the availability of Fiscal Year (FY) 2000 funds for a cooperative agreement to provide targeted capacity building assistance (TCBA) to non-profit or public, community-based organizations (CBO) serving communities of color significantly impacted by existing and emerging HIV/AIDS epidemics.

Funds for the TCBA program are made available through the U.S. Department of Health and Human Services (DHHS) in collaboration with the Congressional Black Caucus (CBC) Initiative to reduce disparities in the rate of HIV/AIDS infections within communities of color. Programs funded through the DHHS/CBC Initiative are to be used to develop, improve and/or expand HIV/AIDS prevention, care and treatment services and research opportunities targeting communities of color, including African American, Latino, Asian American/Pacific Islander, Native American, Alaskan Natives and Native Hawaiians, significantly impacted by HIV/AIDS. The DHHS/CBC Initiative funds for the TCBA program were appropriated to the Ryan White CARE Act Title III for targeted technical assistance to minority community based health care and service providers with a history of service provision to communities of color.

The TCBA program will expand and improve the delivery of HIV/AIDS primary health care services by CBOs to communities of color living with HIV/AIDS. HRSA will provide \$700,000 to support one national, regional or local organization representing communities of color, with a demonstrable record of providing TCBA and other technical assistance designed to strengthen HIV/AIDS systems of health care.

The purpose of this announcement is to request Letters of Intent to Apply and applications to this program. HRSA is requesting Letters of Intent to Apply to estimate the number of applications it will receive and thereby plan appropriately for the timely award of these funds. Letters of Intent to Apply are not required to submit an application to the program, nor are they binding.

Program Purpose: The purpose of the TCBA program is to increase the availability, accessibility and quality of HIV/AIDS primary health care services for underserved communities of color living with HIV/AIDS by developing or enhancing the HIV/AIDS primary care infrastructure within those communities. Targeted capacity building assistance is defined as a process that results in increasing the core competencies that are essential to
