FOR FURTHER INFORMATION CONTACT: For additional information contact Larry Martin, Ottawa National Wildlife Refuge, 14000 W. State Route 2, Oak Harbor, OH 43449, phone (419) 898–0014 or E-mail: larry_d_martin@fws.gov.

SUPPLEMENTARY INFORMATION: Located east of Toledo, Ohio, the Ottawa National Wildlife Refuge Complex is a unique slice of marshland on the southwestern shore of Lake Erie. As a major migration corridor, the area is vital to migratory birds including waterfowl, shorebirds, raptors and songbirds that need rest and food either after crossing Lake Erie on their way south or before they head back north over the winter. As much as 70 percent of the Mississippi flyway’s population of black ducks use Lake Erie marshes during migration.

The Draft Comprehensive Conservation Plan emphasizes the habitat needs of fish and wildlife as well as opportunities for wildlife-dependent recreation.

Dated: June 20, 2000.

to acquire 1479.84 acres of public lands in lieu of certain school lands that were encumbered by other rights or reservations before the State’s title could attach. This application was assigned serial number UTU–76188.

The notice of proposed classification of these lands was published July 10, 1998, in the **Federal Register** volume 63, number 132, page 37407, and was widely publicized. As a result of the publication, Southern Utah Wilderness Alliance (SUWA) protested the proposed classification of the lands because a portion of the lands were within an area proposed for wilderness by the Utah Wilderness Coalition. They also appealed the adequacy of the environmental assessment. As a result of this protest/appeal the following lands are excluded from this initial classification: Township 36 South, Range 11 East, Section 29, W¹/₂SW¹/₄, SE¹/₄W¹/₄, and Township. 37 South, Range 11 East, Section 5, Lots 3 and 4, S¹/₂NW¹/₄, SW¹/₄. Salt Lake Meridian, Utah. Only the lands outside the area proposed for wilderness are now included in this Initial Classification Decision.

The lands included in this classification are located within Garfield County, Utah, and are described as follows: Township 36 South, Range 11 East, Section 15, All, and Section 29, W¹/₂SE¹/₄, and Township 37 South, Range 11 East, Section 5, Lots 1 and 2, S¹/₂NE¹/₄, and SE¹/₄, Salt Lake meridian, Utah. Containing approximately 1039.98 acres.

This classification decision is based on the following disposal criteria set forth in title 43, Code of Federal Regulations, part 2400.

Transfer of the lands to the State will help fulfill the Federal government’s common school land grant to the State, and constitute a public purpose use of the land. Lands found to be valuable for a public purpose use will be considered chiefly valuable for public purposes (43 CFR 2430.2b).
