**SUPPLEMENTARY INFORMATION:**

#### Background

Section 4001 of the Balanced Budget Act of 1997 (BBA) (Pub. L. 105-33), enacted on August 5, 1987, added section 1852(e)(4) to the Social Security Act (the Act), which gives us the authority to determine that a Medicare+Choice Organization (M+CO) is "deemed" to be in compliance with certain Medicare requirements if the M+CO has been accredited (and is periodically reaccredited) by an accrediting organization that we have determined applies and enforces requirements at least as stringent as those the M+CO would be deemed to meet. Section 518 of the Balance Budget Refinement Act of 1999 (BBRA) (Pub. L. 106-113), enacted on November 29, 1999, amended section 1852(e)(4) of the Act to expand the scope of deeming from two to six areas. Accrediting organizations may seek authority for any of the categories. The BBRA specified that we cannot require an accrediting entity to be able to certify plans for all the deeming categories. It also required us to determine, within 210 days from the day the application is determined to be complete, the eligibility of the accrediting organizations to be granted deeming authority. Conditions and procedures for granting deeming authority to accrediting organizations are outlined in § 422.157 and § 422.158 of title 42 of the Code of Federal Regulations.
