

notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) The identities of the parties and (2) the nature and objective of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are Alpine Electronics of America, Inc., Torrance, CA; AMP Inc., Harrisburg, PA; Cellport Labors Inc., Boulder, CO; Ford Motor Company, Dearborn, MI; Kenwood Corp., Tokyo, JAPAN; and Motorola Inc., Schaumburg, IL. The nature and objectives of the venture are to promote the development and adoption of open, accessible, secure, end to end technical specification ("Telematics Specifications") permitting the transaction of data to and from, as well as within, automobiles and other vehicles; to promote such specifications and solutions worldwide to ensure that a broad spectrum of goods and services is developed and are available to provide for testing and conformity assessment of network components in order to ensure robust system operation; to create and own distinctive trademarks; and to operate a branding program based upon distinctive trademarks to create high customer awareness of, demand for, and confidence in products designed in compliance with Telematics Specification.

BILLING CODE 4410-11-M

DEPARTMENT OF LABOR

Employment and Training Administration

Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of June, 2000.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of Section 222 of the Act must be met.

(1) that a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) that sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) that increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Negative Determinations for Worker Adjustment Assistance

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to worker separations at the firm.

TA-W-37,395; Honeywell, Inc., Formerly D/B/A Allied Signal-Johnson Matthey Electronics, Chippewa Falls, WI
TA-W-37,574; Illinois Tool Works Co., Mechanicsburg, PA
TA-W-37,454; Corson Manufacturing Co., Lockport, NY
TA-W-37,673; Dana Corp., Marion Forge Div., Marion, OH
TA-W-37,304; Nova Bus, Inc., Transit Bus Div., Roswell, NM
TA-W-37,617; Troutman Foundry, Inc., Statesville, NY

In the following cases, the investigation revealed that the criteria for eligibility have not been met for the reasons specified.

TA-W-37,689; Agri Sales, Saginaw, MI
TA-W-37,755; Schlegel Construction, Inc., Kalispell, MT
