

development, subject to valid existing rights. The level of these various kinds of restrictions and types of land uses affected would be different in each expanded area.

There are seven WSAs within the planning area: Oregon Buttes, Honeycomb Buttes, Greater Sand Dunes, Buffalo Hump, Whitehorse Creek, South Pinnacles, and Alkali Draw WSAs. Management of these WSAs has been addressed in other Wilderness EIS documents, therefore, wilderness management is not addressed in the JMHCAP EIS. When Congress makes decisions on the designation of Wilderness areas in the Jack Morrow Hills planning area, those decisions will be incorporated into the CAP and the Green River RMP and, if necessary, the RMP would be amended accordingly. Until Congress acts, the WSAs will be managed under the Wilderness Interim Management Policy.

Copies of the draft EIS for the JMHCAP are available in the Rock Springs Field Office at the above address, the Bureau of Land Management, Lander Field Office, 1335 Main Street, Lander, Wyoming 82520, and the Bureau of Land Management Wyoming State Office, 5353 Yellowstone Road, Cheyenne, Wyoming 82009. Anyone wishing to be placed on the mailing list for the Jack Morrow Hills Coordinated Activity Plan effort should contact the Rock Springs Field Office at the above address.
