

part 997 to its regulations to implement provisions of Gramm-Leach-Bliley, Pub. L. No. 106-102, 113 Stat. 1338, 1455-56 (Nov. 12, 1999) related to adjustments in the end-date for the statutorily required annual payments made by the Banks to REFCORP. In § 997.5 of this new part, the annual value of the annuity referenced in section 607 of Gramm-Leach-Bliley was inadvertently omitted. SUPPLEMENTARY INFORMATION:

History

On May 5, 2000, the FAA proposes to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) by establishing Class D airspace at Stuart, FL (65 FR 26154). Designations for Class D airspace extending upward from the surface of the earth are published in FAA Order 7400.9G, dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference by 14 CFR part 71.1. The Class D designations listed in this document will be published subsequently in the Order.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposed were received.

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) establishes Class D airspace at Key West NAS.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
