SUPPLEMENTARY INFORMATION:
Title: Delegation of Authority to States.
OMB Control Number: OMB 1010–0088.
Bureau Form Number: N/A.
Abstract: The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian Lands and the Outer Continental Shelf (OCS). The Secretary of the Interior (Secretary) is responsible for managing the production of minerals from Federal and Indian Lands and the OCS; for collecting royalties from lessees who produce minerals; and for distributing the funds collected in accordance with applicable laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. We perform the royalty management functions and assist the Secretary in carrying out DOI’s Indian trust responsibility.

The Royalty Simplification and Fairness Act (RSFA) amendments to section 205 of the Federal Oil and Gas Royalty Management Act of 1982 provide that we may delegate other Federal royalty management functions to requesting States, including:

a. Conducting audits, and investigations;
b. Receiving and processing production and royalty reports;
c. Correcting erroneous report data;
d. Performing automated verification; and
e. Issuing demands, subpoenas (except for solid mineral and geothermal leases), orders to perform restructured accounting, and related tolling agreements and notices to lessees or their designees.

In accordance with RSFA, and to properly administer the delegation of the functions to the requesting States, MMS must collect pertinent information from industry and States. Therefore, a State will have to submit an application requesting to perform these delegable functions.

No proprietary data, confidential information, or items of a sensitive nature will be collected. Responses are voluntary.

Frequency: Monthly, quarterly, and annually.

Estimated Number and Description of Respondents: 4,010 States and royalty payors.

Estimated Annual Reporting and Recordkeeping “Hour” Burden: 210,400 hours. Please refer to chart.
Estimated Annual Reporting and Recordkeeping: “Non-Hour Cost”
Burden: $80,000.

Comments: The PRA provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. Section 3506(c)(2)(A) of the PRA requires each agency to:* * * * provide notice * * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * * . Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

We published a Federal Register Notice on December 3, 1999 (64 FR 67930), with the required 60-day comment period soliciting comments on renewing OMB’s approval to continue to collect this information. No comments were received. If you now wish to comment on this ICR, please send your comments directly to the offices listed in the ADDRESSES section of this Notice. OMB has up to 60 days after reviewing an ICR to approve or disapprove the information collection. However, OMB may act sooner than that once the 30-day public comment period has ended. Therefore, to ensure maximum consideration, you should submit your comments on or before August 4, 2000.
