

On January 3, 2000, we received a complete substantive response from domestic interested parties, within the 30-day deadline specified in the *Sunset Regulations* under 19 CFR 351.218(d)(3)(i). Although we received an entry of appearance from AST in the Italian review, AST did not submit a substantive response. Therefore, without a substantive response from respondent interested parties in the Italian and Japanese reviews, the Department, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), determined to conduct expedited, 120-day reviews of these orders. On February 9, 2000, we received domestic interested parties' comments in support of the Department's decision to conduct expedited reviews of the antidumping duty orders on GOES from Italy and Japan (see February 9, 2000, domestic interested parties' comments on adequacy at 3).

In accordance with section 751(c)(5)(C)(v) of the Act, the Department may treat a review as extraordinarily complicated if it is a review of a transition order (i.e., an order in effect on January 1, 1995). These reviews concern transition orders within the meaning of section 751(c)(6)(C)(ii) of the Act. Accordingly, on April 6, 2000, the Department determined that the sunset reviews of GOES from Italy and Japan are extraordinarily complicated, and extended the time limit for completion of the final results of these reviews until not later than June 28, 2000 (65 FR 18058), in accordance with section 751(c)(5)(B) of the Act.

Analysis of Comments Received

All issues raised in the substantive responses by parties to these sunset reviews are addressed in the Issues and Decision Memorandum ("Decision Memo") from Jeffrey A. May, Director, Office of Policy, Import Administration, to Troy H. Cribb, Acting Assistant Secretary for Import Administration, dated June 28, 2000, which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margin likely to prevail were these orders revoked. Parties can find a complete discussion of all issues raised in these reviews and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit, room B-099, of the main Commerce building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at www.ita.doc.gov/

import_admin/records/frn. The paper copy and electronic version of the Decision Memo are identical in content.

Final Results of Reviews

As a result of these reviews, we determine that revocation of the antidumping duty orders on GOES from Italy and Japan would be likely to lead to continuation or recurrence of dumping at the following percentage weighted-average margins:

Manufacturer/exporters	Margin (percent)
Italy:	
ILVA S.p.A	60.79
Acciai Speciali Terni, S.r.l	60.79
All Others	60.79
Japan:	
Kawasaki Steel Corpora- tion	31.08
Nippon Steel Corporation ..	31.08
All Others	31.08

This notice also serves as the only reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department's regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

These reviews and notice are in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: June 22, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

Internal Combustion Forklift Trucks From Japan; Corrected Final Results of Expedited Sunset Review and Continuation of Antidumping Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Correction to Final Results of Expedited Sunset Review and Continuation of Antidumping Order: Internal Combustion Forklift Trucks from Japan.

SUMMARY: On August 5, 1999, the Department of Commerce (the "Department") published in the **Federal Register** the final results of the expedited sunset review of the antidumping duty order on internal combustion forklift trucks from Japan (64 FR 30962). On June 2, 2000, the Department published the notice of continuation of this order (65 FR 35323). Subsequent to the publication of these notices, we identified an inadvertent error in the "Scope" section of the notices. Therefore, we are correcting and clarifying these inadvertent errors.

The error lies in the first sentence of the scope section of each notice: "The merchandise subject to this antidumping duty order is internal combustion industrial forklift trucks, with a lifting capacity of 2,000 to 5,000 pounds, from Japan." This sentence should be replaced with: "The merchandise subject to this antidumping duty order is internal combustion industrial forklift trucks, with a lifting capacity of 2,000 to 15,000 pounds, from Japan."

EFFECTIVE DATE: April 17, 2000.

FOR FURTHER INFORMATION CONTACT:

Kathryn B. McCormick or James Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-1930 and (202) 482-3330, respectively.

This correction is issued and published in accordance with sections 751(h) and 777(i) of the Act.

Dated: June 27, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.
