CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Availability of Funds for AmeriCorps*VISTA/Higher Education and Non-Profit Service-Learning Program Grants

AGENCY: Corporation for National and Community Service.

ACTION: Notice of availability of funds.

SUMMARY: The Corporation for National and Community Service (hereinafter "the Corporation") announces the availability of funds for fiscal year 2000 for new AmeriCorps*VISTA (Volunteers in Service to America) Program grants and placements focusing on meeting the needs of low income communities, both urban and rural, through institutions of higher learning and non-profit organizations engaged in service-learning-focused activities, including current Learn and Serve America grantees.

As Harris Wofford, the CEO for the Corporation has stated, "by making the entire community the classroom, service-learning teaches students how to be better students and better citizens." The Corporation for National Service defines service-learning as an educational method:

- Under which students or participants learn and develop through active participation in thoughtfully organized service that is conducted in and meets the needs of a community;
- Which is coordinated within an elementary school, secondary school, institution of higher education, or community service program, and with the community;
- Which helps foster civic responsibility;
- Which is integrated into and enhances the academic curriculum of the students, or the educational

components of the community service program in which the participant is enrolled; and

- Which provides structured time for the students or participants to reflect on the service experience.

AmeriCorps*VISTA/Higher Education and Non-Profit Service-Learning Program Grants will focus on service-learning activities addressing the needs of low-income communities in school districts. AmeriCorps*VISTA Program grant recipients must create sustainable anti-poverty service-learning programs after the AmeriCorps*VISTA resources are withdrawn. Applicants must clearly describe sustainable outcomes in terms of the impact on residents of low-income communities, both urban and rural, through the efforts of these projects.

Up to 10 grants will be funded. Each grant will support a minimum of five AmeriCorps*VISTA members. Grants with a larger number of AmeriCorps*VISTA members are encouraged. It is expected that grants will be awarded in September 2000. Each proposed grant project must be within the jurisdiction of a single Corporation for National Service State Office (state offices cover their own states only, with the following exceptions that are combined: Maine & New Hampshire, Vermont & Massachusetts; North & South Dakotas; Virginia & Washington, DC; Puerto Rico & Virgin islands; Maryland & Delaware).

DATES: Applications must be received by 5:00 p.m. E.D.T., August 4, 2000.

ADDRESSES: Background information, including project applications, are available from the Corporation for National and Community Service, AmeriCorps*VISTA, 1201 New York Ave., N.W., Washington, DC 20525, (202) 606-5000, ext. 134; TDD (202) 565-2799, or TTY via the Federal Information Relay Service at (800) 877-8339. SUPPLEMENTARY INFORMATION:

A. Background

The Corporation is a Federal government corporation that encourages Americans of all ages and backgrounds to engage in community-based service. This service addresses the nation's educational, public safety, environmental and other human needs to achieve direct and demonstrable results. In doing so, we strive to foster civic responsibility, strengthen the ties that bind us together as a people, and provide educational opportunity for those who make a substantial commitment to service. We support a range of national service programs, including AmeriCorps, Learn and Serve America, and the National Senior Service Corps.

AmeriCorps*VISTA, a component of AmeriCorps, is authorized under the Domestic Volunteer Service Act of 1973, as amended (Pub. L. 93-113). The statutory mandate of AmeriCorps*VISTA is "to strengthen and supplement efforts to eliminate and alleviate poverty and poverty-related problems in the United States by encouraging and enabling persons from all walks of life, all geographical areas, and all age groups * * * (to) assist in the solution of poverty and poverty-related problems, and * * * to generate the commitment of private sector resources, to encourage volunteer service at the local level, and to strengthen local agencies and organizations to carry out the purpose (of the program)." (42 U.S.C. 4951)

AmeriCorps*VISTA carries out its legislative mandate by assigning individuals 18 years and older, on a full-time, year-long basis, to public and private non-profit organizations. Each AmeriCorps*VISTA project must focus on the mobilization of community resources, the transference of skills to community residents, and the expansion of the capacity of community-based organizations to solve local problems. Programming should encourage permanent, long-term solutions to problems confronting low-income communities rather than short-term approaches for handling emergency needs.

AmeriCorps*VISTA projects must actively elicit the support and/or participation of local public and private sector elements in order to enhance the chances of a project's success, as well as to make the activities undertaken by AmeriCorps*VISTA members self-sustaining.

B. Purpose of This Announcement

The purpose of this announcement is to solicit applicants from the service-

learning community who will focus efforts solely on addressing the needs of low-income communities. These efforts should be accomplished through community-based organizations and/or institutions of higher education whose efforts draw upon the unique strengths of service-learning as well as learned best practices. The goal of these efforts is the creation of sustained service-learning opportunities and permanent long-term programming that continues to meet the needs of low-income communities after AmeriCorps*VISTA resources are withdrawn.

C. Eligible Applicants

Institutions of higher learning and non-profit organizations engaged in service learning activities, including current Learn and Serve America grantees.

D. Scope of Grant and Project

Each applicant should include in the Application for Federal Assistance (see E.2, below) funds for: a monthly subsistence allowance for AmeriCorps*VISTA members that is commensurate with the cost-of-living of the assignment area, as determined by AmeriCorps*VISTA, that covers the cost of subsistence, utilities, and incidental expenses; an end-of-service cash stipend payment, accrued at the rate of \$100 per month, for those members not selecting the AmeriCorps education award of \$4,725; and relocation expenses not to exceed \$550, for those AmeriCorps*VISTA members who must relocate in order to serve. Each grant applicant should also include in the Application for Federal Assistance, a request for funds for member in-service training, member supervision, and member/supervisor job-related transportation.

Although there are no matching requirements for the receipt of AmeriCorps*VISTA members, applicants should demonstrate their commitment to matching the Federal contribution toward the operation of the AmeriCorps*VISTA project grant by offsetting all, or part of, the costs of member supervision, transportation, and training, as well as the basic costs of the project itself (e.g., space, telephone, etc.). This support can be achieved through cash or in-kind contributions.

Further, applicants are encouraged to share in the costs of the project, including paying for a specified number of AmeriCorps*VISTA positions, to include all costs except for health insurance, the education award, health care and childcare, which will be paid by the Corporation.

Grants will be awarded on a twelve-month basis with a renewal option subject to need, satisfactory performance, and the availability of Corporation resources. Publication of this announcement does not obligate the Corporation to award any specific number of grants or to obligate the entire amount of funds available, or any part thereof, for grants under the AmeriCorps*VISTA Program, or to approve any specific number of non-grant projects for the placement of AmeriCorps*VISTA members.

2. Demonstrate collaboration with organizations that provide supportive services to enhance project outcomes.

4. Describe in measurable terms the anticipated self-sufficiency outcomes and tangible anti-poverty goals and objectives after AmeriCorps*VISTA resources are withdrawn, including outcomes related to the sustainability and institutionalization of the project activities in addressing and resolving challenges faced by low-income residents of the target community(ies).

c. AmeriCorps*VISTA Member Development

The proposed project must:

1. Clearly state how AmeriCorps*VISTA members will be trained, supervised, and supported to ensure the achievement of project goals and objectives as stated in the Part B work plan.

The applicant organization must:

1. Ensure that resources needed to achieve project goals and objectives are available.

2. Have the management and technical capability to implement the project successfully.

3. Have an established record or experience in dealing with the issues addressed by the proposed project.

4. Have systems for the evaluation and monitoring of project activities. Applicants must describe the methods that will be used to record progress toward the stated objectives, and procedures that will provide the reporting of project achievement needed to make adjustments and improve program quality.

III. Budget/Cost-Effectiveness

The applicant organization must:

1. Include a budget that adequately supports the program design.

2. Include a budget that adheres to budget guidance provided with the application.

3. Describe how the applicant organization is committing resources necessary for program implementation.

G. Application Review

Proposal Evaluation

To ensure fairness to all applicants, the Corporation reserves the right to take action, up to and including disqualification, in the event that an application fails to comply with any requirements specified in this Notice.

The following weights will be used in judging the elements described above.

1. Program Design (60%) in the following order of importance:

a. Responsiveness to Strengthening Communities Criteria

b. Responsiveness to Getting Things Done Criteria

2. Organizational Capacity (30%).

3. Budget cost-effectiveness (10%).

H. Geographic Diversity

After evaluating the overall quality of the proposal and its responsiveness to the criteria noted above, the Corporation will take into consideration whether funded projects are in areas of high concentration of low-income residents, including for example those in empowerment zones, and enterprise communities.

I. Technical Assistance Conference Call

An informal, technical assistance conference call will be scheduled on Thursday, July 20, 2000, at 2 p.m. E.D.T. All applicants must pre-register by faxing the names, organization and phone number of up to two members planning to participate no later than Tuesday, July 18, 2000. This information should be faxed to Kara Lounsbury at 202-565-2789. Questions may be submitted in advance of the meeting via fax to the above number. If you are unable to participate in the technical assistance conference call but would like the conference materials and a conference transcript, submit your request via fax to the fax number above.
