representation, the amounts of any rebates offered, and the total cost of the computer product or service, excluding any rebate amounts (*i.e.*, the before-rebate-price). Part III also contains a proviso that states that if there is only one rebate involved in the order, and no other reductions in the total price of the product or service, respondent need only disclose the amount of that one rebate, and need not also disclose the before-rebate price.

In connection with the promotion or sale of any Internet access service, or any computer or computer-related product whose price is conditioned upon the purchase of Internet access service, Part IV of the proposed order prohibits respondent from making any representation about the price or cost to consumers of any Internet access service, unless it discloses certain material facts. If consumers have to pay additional fees, charges, rebate repayments, or other costs to cancel the Internet access service, the amounts of such costs must be disclosed. If consumers may have to pay long distance telephone charges, hourly surcharges, or other costs in excess of local telephone fees to access the Internet service, this fact must be disclosed, along with a means for consumers to ascertain whether or not they would have to incur such costs and the amounts of any such costs. In addition, respondent must disclose the amount of time required for purchasers to receive any rebate. These disclosures must be clear and conspicuous.

Part IV of the proposed order also contains a proviso, that together with the definition of ''through the use of a hyperlink,'' provides a way in which the disclosures required by Part IV can be made on the Internet with hyperlinks. These disclosures may be made through the use of hyperlinks, as long as each hyperlink label contains sufficient information about the nature and importance of the required disclosure, is itself clear and conspicuous, is on the same Web page and proximate to the Internet service price or cost representation, and leads directly to the full disclosure. According to the proviso, if a hyperlink is used to disclosre information about Internet cancellation terms, it must be labeled as follows: ''Early Cancellation of the Internet Service May Result in Substantial Penalties. Click Here.'' Similarly, if a hyperlink is used to disclose information about Internet access costs, it must be labeled: ''You May Have to Pay Significant Telephone Charges to Use the Internet Service. Click Here.'' Finally, if a hyperlink is used to disclose information about the time it takes to receive a rebate, it must be labeled: ''Time to Receive Rebate. Click Here.''

Part V of the proposed order prohibits respondent from violating any provision of the Mail or Telephone Order Merchandise Rule, including the soliciting of orders for merchandise, either by mail or phone, without a reasonable basis to expect to be able to ship some or all of the merchandise within the time stated in the solicitation, or if no time is stated, within 30 days of receiving a properly completed order. Respondent must offer the buyer the option of either consenting to a delay in shipping or canceling the order and receiving a prompt refund when respondent is unable to ship within the applicable time period. Respondent must also deem the order canceled and make a prompt refund in instances where respondent failed to ship on time and failed to offer the buyer the option of either consenting to the delay or canceling the order and receiving a prompt refund.

Part VI of the proposed order requires respondent to maintain and make available to the Commission for five years, business records demonstrating compliance with the terms and conditions of Part V. Part VII of the proposed order requires respondent to compile a list of purchasers who ordered products from respondent and paid for them prior to the service date of the order, and who had not previously received a refund or consented to a delay, but did not receive ordered products more than ten days after the date respondent stated they would be shipped, or the date of the delay notice. Respondent must then cancel each such order and send a refund to each purchaser on the list for the total amount paid, including all taxes and shipping and handling charges, if any. Respondent must furnish the list of purchasers to the Commission, indicating for each the amount and date the refund was paid.

Part VIII of the proposed order contains a document retention requirement, the purpose of which is to ensure compliance with the proposed order. It requires that respondent maintain copies of ads and promotional material that contain representations covered by the proposed order, and materials that were relied upon by respondent in complying with the proposed order.

Part IX of the proposed order requires respondent to distribute copies of the order to various officers, agents and employees of respondent.

Part X of the proposed order requires respondent to notify the Commission of any changes in corporate structure that might affect compliance with the order.

Part XI of the proposed order requires respondent to file with the Commission one or more reports detailing compliance with the order.

Part XII of the proposed order is a ''sunset'' provision, dictating that the order will terminate twenty years after the date it is issued or twenty years after a compliant is filed in federal court, by either the United States or the FTC, alleging any violation of the order.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.

By direction of the Commission.

Donald S. Clark,

Secretary.

Administration on Aging

[Program Announcement No. AoA–00–4]

Fiscal Year 2000 Program Announcement; Availability of Funds and Notice Regarding Applications

AGENCY: Administration on Aging, HHS.

ACTION: Announcement of availability of funds and request for applications to develop new Family Friends/Volunteer Senior Aides (VSA) projects and, in addition, to provide training and technical assistance to Family Friends/VSA projects.

SUMMARY: The Administration on Aging announces that it will hold a grant award competition, under this announced priority area, for seven (7) to eight (8) new model projects that demonstrate effective ways of planning, developing, and sustaining Family Friends/VSA programs for one (1) project to provide appropriate training and technical assistance to the Family Friends/VSA projects.

The deadline date for the submission of applications is August 14, 2000. For the model project competition, eligible applicants are restricted to public or nonprofit community-level agencies or organizations. In addition, because the primary focus of this priority area is on the establishment of new model Family Friends/VSA projects in communities other than those which have already

been program sites, those agencies or organizations that have carried out Family Friends/VSA projects are not eligible for this competition. No applicant eligibility restrictions, other than public or nonprofit status, apply to the training/technical assistance competition.

Application kits are available by writing to the Department of Health and Human Services, Administration on Aging, Office of Program Development, 330 Independence Avenue, SW., Room 4261, Washington, DC 20201, or by calling 202–619–2050.

Jeanette C. Takamura,

Assistant Secretary for Aging.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639–7090. Send written comments to CDC, Desk Officer; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Projects

Evaluative Research for the National Bone Health Education Campaign—New—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC), in cooperation with the Office on Women's Health, is developing a national osteoporosis prevention campaign targeting girls ages 9–18—the National Bone Health Campaign (NBHC). The 5-year campaign will begin by targeting girls ages 9–12 and their parents and then expand to girls 13–18 and their parents. Funding for the campaign has been approved for the first two years of the program, so the research presented here is only that to be conducted in the those two years.

The research will consist of: (1) Message tests with representative samples of 200 girls ages 9–12, 200 girls ages 13–18 and 200 parents of girls ages 9–12; (2) Baseline telephone surveys of representative samples of 1000 girls 9–12 and 1000 girls 13–18; (3) Follow-up survey of representative sample of 1000 girls ages 9–12; and (4) Annual surveys of 400 girls 9–12 and annual surveys of 200 parents of girls 9–12 in five ‘‘sentinel’’ sites.

Specifically, the purpose of the research is to (1) Pre-test campaign messages to ensure that they are attention-getting, understandable, personally relevant, and credible for the target audiences; (2) Provide ongoing assessment of campaign events and their effects in five ‘‘sentinel’’ sites; and (3) Provide an overall measure of the campaign's effectiveness over time.

The results of the proposed research will be used to identify and develop effective campaign messages and strategies to promote bone healthy attitudes, knowledge and behaviors among the primary and secondary audiences, and to assist program planners in assessing and refining program tactics. The research will also provide a measure of the success of the program in increasing awareness of bone healthy activities and improving knowledge and attitudes related to those activities among the primary target audience (girls 9–18). The research will also be shared with NBHEC partners (various public and private agencies or organizations) for use in designing and implementing collaborative programs and messages at the national and local levels.

The total annualized burden is estimated to be 2,000 hours.

	No. of respondents	Responses per respondent	Hours per response
National baseline survey of girls ages 9–18	1,000 (9–12)	1	20/60
	1,000 (13–18)	1	20/60
National follow-up survey of girls ages 9–12	1,000	1	20/60
3 sentinel site surveys of girls ages 9–12	2,000	1	20/60
3 sentinel site surveys of parents of girls ages 9–12	1,000	1	20/60

Dated: June 30, 2000.

Kathy Cahill,

Associate Director for Policy, Planning and Evaluation, Centers for Disease Control and Prevention (CDC).

Proposed Projects

Evaluating National Dissemination Strategies for Effective HIV Prevention Programs for Youth—NEW—The National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC) seeks OMB approval for an evaluation of the dissemination of CDC identified effective education programs from national training to the community level to be conducted from 2000 to 2002. The project aims to enhance the adoption and implementation of effective HIV prevention programs. As such, it is directly related to the CDC FY 2000 performance plan to reduce the incidence of HIV/AIDS through the dissemination of HIV prevention education programs. CDC will study the diffusion of two prevention programs. Half of the participants attending the training will be randomly selected, by state, to receive additional technical assistance and diffusion action
