

Manufacturer/exporter	Margin (percent)
Bars/Wedges .....	91.45
Hammers/Sledges .....	32.51
Picks/Mattocks .....	98.77

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b), we have calculated an importer-specific duty assessment rate. With respect to both export price and constructed export price sales, we divided total dumping margins for the reviewed sales by the total entered value of those reviewed sales for each importer. We will direct Customs to assess the resulting percentage margins against the entered Customs values for the subject merchandise on each of that importer's entries under the order during the review period.

#### Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative reviews for all shipments of HFHTs from the PRC entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates shown above; (2) for companies previously found to be entitled to a company-specific rate and for which no review was requested, the cash deposit rates will continue to be the company-specific rates published for the most recent period reviewed; (3) for all other PRC exporters of subject merchandise, the cash deposit rates will be the PRC country-wide rate indicated above; and (4) the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will be the rates applicable to the PRC supplier of that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative reviews.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to

administrative protective orders ("APOs") of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305 or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these determinations and this notice in accordance with sections section 751(a)(1) and 771(i) of the Act.

Dated: July 6, 2000.

*Acting Assistant Secretary for Import Administration.*

#### SUPPLEMENTARY INFORMATION:

#### Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's regulations are to 19 CFR part 351 (1999).

#### Background

On January 21, 2000, the Department ("the Department") issued the antidumping questionnaire to Nature's Farm Products (Chile) S.A. ("NFP") via its U.S. parent, Nature Farm Products, Inc., and Ravine Foods Inc. ("Ravine"), a Canadian company. On January 26, 2000, the Department published a notice of initiation of an administrative review of the antidumping duty order on certain preserved mushrooms from Chile with respect to NFP and Ravine (65 FR 4228). On February 28, 2000,

<sup>1</sup> The petitioners are the Coalition for Fair Preserved Mushroom Trade which includes the American Mushroom Institute and the following domestic companies: L.K. Bowman, Inc., Nottingham, PA; Modern Mushrooms Farms, Inc., Toughkernamon, PA; Monterrey Mushrooms, Inc., Watsonville, CA; Mount Laurel Canning Corp., Temple, PA; Mushrooms Canning Company, Kennett Square, PA; Southwood Farms, Hockessin, DE; Sunny Dell Foods, Inc., Oxford, PA; United Canning Corp., North Lima, OH.

Ravine advised the Department that the company did not export the subject merchandise to the United States during the period of review ("POR").

To confirm the accuracy of Ravine's claim, the Department performed a customs query on entries of the subject merchandise exported from Chile and Canada. In so doing, the Department examined U.S. Customs import statistics, and found no imports of the subject merchandise by Ravine, NFP, or any other company from Chile to the United States during the POR. We also found no imports of the subject merchandise from Canada. See March 14, 2000, Memorandum, "U.S. Customs Data on Imports of the Subject Merchandise," from David J. Goldberger to Irene Darzenta Tzafolias.

On May 26, 2000, the Department published a notice of preliminary rescission of antidumping duty administrative review on certain preserved mushrooms from Chile with respect to NFP and Ravine (65 FR 34147). In light of its no shipments finding, the Department preliminarily determined that there was no basis for applying facts available in this instance with regard to NFP, which did not respond to our questionnaire. No party commented on the Department's preliminary findings.

#### Scope of the Review

The products covered by this review are certain preserved mushrooms whether imported whole, sliced, diced, or as stems and pieces. The preserved mushrooms covered under this review are the species *Agaricus bisporus* and *Agaricus bitorquis*. "Preserved mushrooms" refer to mushrooms that have been prepared or preserved by cleaning, blanching, and sometimes slicing or cutting. These mushrooms are then packed and heated in containers including but not limited to cans or glass jars in a suitable liquid medium, including but not limited to water, brine, butter or butter sauce. Preserved mushrooms may be imported whole, sliced, diced, or as stems and pieces. Included within the scope of this review are "brined" mushrooms, which are presalted and packed in a heavy salt solution to provisionally preserve them for further processing.

Excluded from the scope of this review are the following: (1) All other species of mushroom, including straw mushrooms; (2) all fresh and chilled mushrooms, including "refrigerated" or "quick blanched mushrooms"; (3) dried mushrooms; (4) frozen mushrooms; and (5) "marinated," "acidified" or "pickled" mushrooms, which are prepared or preserved by means of

vinegar or acetic acid, but may contain oil or other additives.

The merchandise subject to this review is classifiable under subheadings 2003.1000.27, 2003.1000.31, 2003.1000.37, 2003.1000.43, 2003.1000.47.2003.1000.53, and 0711.90.4000 of the Harmonized Tariff Schedule of the United States ("HTS"). Although the HTS subheadings are provided for convenience and Customs purposes, our written description of the scope of this review is dispositive.

#### Final Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), the Department may rescind an administrative review, in whole or only with respect to a particular exporter or producer, if the Secretary concludes that, during the period covered by the review, there were no entries, exports, or sales of the subject merchandise. In this case, the available evidence indicates that there were no entries of certain preserved mushrooms produced or exported from Chile during the POR. We also note, however, that our normal practice under section 776(b) of the Act is to use adverse facts available when a respondent (here, NFP) has not responded to our questionnaire and thus has failed to cooperate to the best of its ability. Given that the same dumping rate would apply to NFP regardless of whether we applied adverse facts available or simply rescinded this review, in the unusual circumstances of this case we have decided simply to rescind this review as to both Ravine and NFP in accordance with 19 CFR 351.213(d)(3).

The cash-deposit rate for NFP and "All Other" producers/exporters of the subject merchandise will remain at 148.51 percent, the rate established in the most recent segment of this proceeding for these producers/exporters (63 FR 56613, October 22, 1998), which is also the highest rate on the record of any segment of the proceeding.

This notice is published in accordance with 19 CFR 351.213(d)(4).
