

minimum recovered materials levels for specific products (40 CFR Part 247).

“Energy-Efficient Product,” as used in this clause, refers to a product that is either ENERGY STAR® labeled or its energy consumption measures in the upper 25 percent of efficiency within its comparable class of products as designated by the Department of Energy Federal Energy Management Program (FEMP). (See Executive Order 13123)

“Other Environmental Attributes,” as used in this clause, refers to product characteristics that provide environmental benefits, excluding recovered materials and energy and water efficiency. Several examples of these characteristics are biodegradable, recyclable, reduced pollutants, ozone safe, and low volatile organic compounds (VOCs).

“GAS Advantage,” as used in this clause, refers to the GSA electronic on-line shopping mall that makes it easier for Federal employees to order products and services via the internet.

(b) The offeror must identify products that contain recovered or remanufactured materials, are energy-efficient, water-efficient or have other environmental attributes in each of the offeror's following mediums:

- (1) The offer itself;
- (2) Printed commercial catalogs, brochures, and pricelists;
- (3) Online product website; and,
- (4) Electronic data submission for *GSA Advantage!*

(c) An offeror, in identifying an item with an environmental attribute, must possess evidence or rely on a reasonable basis to substantiate the claim (see 16 CFR 260, Guides for the Use of Environmental Marketing Claims). The government will accept an offeror's claim of an item's environmental attribute on the basis of—

(1) Participation in a Federal agency sponsored program, e.g., the EPA and DOE Energy Star product labeling program;

(2) Verification by an independent organization that specializes in certifying such claims; or

(3) Possession of competent and reliable evidence. For any test, analysis research, study, or other evidence to be “competent and reliable,” it must have been conducted and evaluated in an objective manner by persons qualified to do so, using procedures generally accepted in the profession to yield accurate and reliable results.

(End of clause)

Dated: July 12, 2000.

## DEPARTMENT OF TRANSPORTATION

### Surface Transportation Board

#### 49 CFR Part 1247

[STB Ex Parte No. 583]

#### Modification of the Class I Reporting Regulations

**AGENCY:** Surface Transportation Board.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Surface Transportation Board (Board) solicits comments on requiring Class I railroads to report the number of rail cars loaded and terminated annually. The effect of this proposal, if adopted, will be to ensure the continued availability of these data.

**DATES:** Comments are due on September 1, 2000.

**ADDRESSES:** Send comments (an original and 10 copies) referring to STB Ex Parte No. 583 to: Surface Transportation Board, Office of the Secretary, Case Control Branch, 1925 K Street, NW, Washington, D.C. 20423-0001.

**FOR FURTHER INFORMATION CONTACT:** Paul A. Aguiar, (202) 565-1527 or H. Jeff Warren, (202) 565-1533. [Assistance for the hearing impaired is available through TDD services (202) 565-1695.]

**SUPPLEMENTARY INFORMATION:** The Association of American Railroads (AAR) currently collects quarterly data on the number of rail cars loaded and terminated by each Class I railroad in Equipment Report, Cars Loaded and Cars Terminated (AAR Form CS-54-1). Data contained in these quarterly reports are aggregated by the AAR to create an annual AAR Form CS-54-1 report for each railroad. These annual reports are used by the Board as inputs into the Uniform Railroad Costing System (URCS). To ensure the continued availability of these data, we propose that the Class I railroads file an abbreviated version of the AAR's annual Form CS-54-1 with the Board within 90 days after the end of the calendar year. The proposed STB report—Annual Report of Cars Loaded and Cars Terminated (Form STB-54)—would require reporting of only that data used as inputs for URCS, namely, Sections A and B of AAR Form CS-54-1.

If the proposed regulation set forth below is adopted, it will be codified at 49 CFR part 1247. Copies of proposed Form STB-54 and its instructions are available on the Board's web site ([www.stb.dot.gov](http://www.stb.dot.gov)) under decisions of this docket. Alternatively, copies can be requested by writing or calling the contact persons listed above.

This action will not significantly affect either the quality of the human environment or energy conservation.

Pursuant to 5 U.S.C. 605(b), we preliminarily conclude that our action will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act.

#### List of Subjects in 49 CFR Part 1247

Freight, Railroads, Reporting and recordkeeping requirements.

Decided: June 30, 2000.

By the Board, Chairman Morgan, Vice Chairman Burkes, and Commissioner Clyburn.

**Vernon A. Williams,**  
*Secretary.*

For the reasons set forth in the Preamble, Part 1247 Report of Cars Loaded and Cars Terminated would be added to Title 49, Chapter X of the Code of Federal regulations to read as follows:

#### PART 1247—REPORT OF CARS LOADED AND CARS TERMINATED

**Authority:** 49 U.S.C. 721, 10707, 11144, 11145.

##### § 1247.1 Annual Report of Cars Loaded and Cars Terminated.

Beginning with the reporting period commencing January 1, 2001, and annually thereafter, each Class I railroad shall file Form STB-54, Annual Report of Cars Loaded and Cars Terminated with the Office of Economics, Environmental Analysis, and Administration (OEEA&A), Surface Transportation Board, Washington, DC 20243, within 90 days after the end of the reporting year. Blank forms and instructions are available on the Board's web site ([www.stb.dot.gov](http://www.stb.dot.gov)) or can be obtained by contacting OEEA&A.
