ACTION: Proposed rule.

SUMMARY: We are proposing to convert our conditional approval of the Maryland State Implementation Plan (SIP) revision to achieve a 15 percent reduction in volatile organic compound emissions (15% plan SIP revision) in the Metropolitan Washington, D.C. ozone nonattainment area to a full approval. If we receive adverse comments, we will withdraw the direct final rule, and it will not take effect. We will address all public comments in a subsequent final rule based on this proposed rule.
