Petitioner also contends that the vehicle is capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays*: (a) installation of a conforming brake failure warning light on vehicles that are not already so equipped; (b) inspection of the speedometer and replacement, if necessary, with one reading in miles per hour.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: inspection of all equipment subject to standard and replacement with U.S. model headlights, taillights, front and rear sidemarker light assemblies, and high mounted stop lamps on vehicles that are not already so equipped.

Standard No. 111 *Rearview Mirrors*: replacement of the passenger side rearview mirror or inscription of the required warning statement on that mirror.

Standard No. 120 *Tire Selection and Rims*: installation of a tire information placard.

Standard No. 208 *Occupant Crash Protection*: installation of U.S.-model driver's side air bag and knee bolster. The petitioner states that the vehicle is equipped with combination lap and shoulder belts in the front and rear outboard designated seating positions and with a lap belt in the center designated seating position.

Standard No. 214 *Side Impact Protection*: inspection of all vehicles and installation of U.S. model door bars on vehicles that are not already so equipped.

Additionally, the petitioner states that a vehicle identification number plate must be affixed to the vehicle to meet the requirements of 49 CFR part 565.

The petitioner also states that all vehicles will be inspected prior to importation and that parts identification markings will be added, where necessary to ensure compliance with the Theft Prevention Standard at 49 CFR part 541.

[STB Finance Docket No. 33901]

#### Hi-Tech Trans, LLC—Operation Exemption—Over Lines Owned Canadian Pacific Railway and Connecting Carriers

Hi-Tech Trans, LLC (HTT), a noncarrier, has filed a notice of exemption under 49 CFR 1150.31 to commence operations over approximately 641 miles of rail line from Oak Island Yard in Newark, NJ to points in Irwin, Buffalo and Niagara, NY, and Lowellville and or Canton, OH.<sup>1</sup> The specific route has not been established because HTT asserts that the route may be changed in the future to afford more efficient service. HTT certifies that its projected revenues will not exceed those that would qualify it as a Class III railroad.

HTT states that operations will not commence until it reaches lease or trackage rights agreements with other railroads. HTT further states that it expects that those agreements can be finalized by August 1, 2000 and that it can commence operations before January 1, 2001.

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of

<sup>1</sup> HTT states that it expects to enter into sub-lease or trackage rights agreements with the Canadian Pacific Railway and its affiliates and will arrange connections with the Finger Lakes Railroad, Norfolk Southern Railway Company, and CSX Corporation.
