Fisheries of the Exclusive Economic Zone Off Alaska; Emergency Interim Rules to Implement Major Provisions of the American Fisheries Act; Extension of Expiration Dates; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Emergency interim rules; correction.

SUMMARY: This document corrects Table 1 of the extension of expiration dates for the emergency interim rules to implement major provisions of the American Fisheries Act, which in part revises 2000 final harvest specifications.

DATES: The correction for the interim final rule published January 28, 2000, (65 FR 4520) is effective July 20, 2000, through January 16, 2001.

FOR FURTHER INFORMATION CONTACT: Andrew Smoker, 907-586-7228.

SUPPLEMENTARY INFORMATION: This document contains corrections to the interim final rule for the extension of the expiration dates of emergency interim rules to implement the American Fisheries Act. The extension of the effective date of an interim final rule provides inshore pollock cooperatives with allocations of pollock

for the second half of the 2000 fishing year and maintains sideboard restrictions to protect participants in other Alaska fisheries from negative impacts as a result of fishery cooperatives formed under the AFA.
