The workers were denied eligibility to apply for NAFTA-TAA based on the finding that criteria (3) and (4) of paragraph (a)(1) of Section 250 of the Trade Act of 1974, as amended, were not met. The A. Schulman, Inc., Dispersion Division, Orange, Texas, did not import polypropylene and polyethylene products from Mexico or Canada, nor did it shift production from Orange, Texas to those countries. The notice was published in the **Federal Register** on June 8, 2000 (65 FR 36470).

New information provided by the petitioner and review of the investigation findings show that there was a shift in production from the Orange, Texas plant to Mexico.

**Conclusion**

After careful consideration of the new facts obtained on reopening, it is concluded that the workers of A. Schulman, Inc., Dispersion Division, Orange, Texas, were adversely affected by a shift in production to Mexico of articles like or directly competitive with the articles produced at the subject firm.

All workers of A. Schulman, Inc., Dispersion Division, Orange, Texas, who became totally or partially separated from employment on or after March 21, 1999 through two years from the date of this issuance, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, DC this 12th day of July 2000.
