DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Quarterly Status Report of Water Service, Repayment, and Other Water-Related Contract Negotiations

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: Notice is hereby given of proposed contractual actions that are new, modified, discontinued, or completed since the last publication of this notice on April 19, 2000. The January 21, 2000, notice should be used as a reference point to identify changes. This annual notice should be used as a point of reference to identify changes in future notices. This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities. Additional Bureau of Reclamation (Reclamation) announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the areas determined by Reclamation to be affected by the proposed action. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to

proposed contracts for sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act.

ADDRESSES: The identity of the approving officer and other information pertaining to a specific contract proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the supplementary information.

FOR FURTHER INFORMATION CONTACT:

Sandra L. Simons, Manager, Water Contracts and Repayment Office, Bureau of Reclamation, PO Box 25007, Denver, Colorado 80225-0007; telephone 303-445-2902.

SUPPLEMENTARY INFORMATION: Pursuant to section 226 of the Reclamation Reform Act of 1982 (96 Stat. 1273) and 43 CFR 426.20 of the rules and regulations published in 52 FR 11954, Apr. 13, 1987, Reclamation will publish notice of the proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Pursuant to the "Final Revised Public Participation Procedures" for water resource-related contract negotiations, published in 47 FR 7763, Feb. 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. Each proposed action is, or is expected to be, in some stage of the contract negotiation process in 2000. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.
2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written request for such notice to the

appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act (80 Stat. 383), as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to: (i) The significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. As a minimum, the regional director shall furnish revised contracts to all parties who requested the contract in response to the initial public notice.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-395]

In the Matter of Certain Eprom, Eeprom, Flash Memory, and Flash Microcontroller Semiconductor Devices and Products Containing Same; Notice of Commission Determination To Review-in-Part an Initial Determination on Inventorship and Two Orders; Schedule for Filing Written Submissions; Denial of Motion for Leave To File a Reply

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review-in-part the final initial determination (ID) issued by the presiding administrative law judge (ALJ) on May 17, 2000, and two ALJ orders in proceedings to reconsider the Commission's determination on inventorship in the above-captioned investigation, which was instituted pursuant to section 337 of the Tariff Act of 1930, 19 U.S.C. 1337. Specifically, the Commission has determined to review: (1) ALJ Order No. 50, (2) ALJ Order No. 69, (3) the determination in the ID that the Certificate of Correction of U.S. Letters Patent 4,451,903 (the '903 patent) was procured inequitably, and (4) the determination in the ID that the

inventors named on the Certificate of Correction of the '903 patent are incorrect. The Commission has also determined to deny complainant Atmel Corp.'s Motion for Leave to File a Reply, dated June 22, 2000.

FOR FURTHER INFORMATION CONTACT: Jean Jackson, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3104. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this patent-based investigation on March 18, 1997, based on a complaint filed by Atmel Corp. 62 FR 13706. The complaint named five respondents: Sanyo Electric Co., Ltd. of Japan; Winbond Electronics Corp. of Taiwan and Winbond Electronics North America Corporation of San Jose, California; and Macronix International Co., Ltd. of Taiwan and Macronix America, Inc. of San Jose, California. Silicon Storage Technology, Inc. was permitted to intervene in the investigation.

In its complaint, Atmel alleged that the respondents violated section 337 by importing into the United States, selling for importation, and/or selling in the United States after importation certain electronic products and/or components that infringe one or more of claim 1 of U.S. Letters Patent 4,511,811, (the '811 patent), claim 1 of U.S. Letters Patent 4,673,829 (the '829 patent), claims 1-9 of the '903 patent, and claim 1 of U.S. Letters Patent 4,974,565 (the '565 patent). The '565 patent was later withdrawn from the investigation by Atmel.

The ALJ issued his final ID on violation on March 19, 1998, in which he found, *inter alia*, no infringement of any of the three patents at issue, and hence no violation of section 337. The Commission reviewed the entire ID, except for the finding that claims 2-8 of the '903 patent are invalid as indefinite. After review, the Commission issued its final determination on July 2, 1998, in which it determined that the '903 patent was unenforceable for failure to name one or more co-inventors. The Commission also found that the '811 and '829 patents were invalid on the basis of collateral estoppel in light of a U.S. district court decision. 69 FR 37139 (July 9, 1998). The Federal Circuit reversed the district court decision on December 28, 1999. *Atmel Corp. v.*
