

horse trailers and other recreational parking. Informational signing, Interpretive Education bulletin boards, and other area improvements may also be installed in the future. Installation of these amenities would be based on public need and the Forest Service budget.

Preliminary Issues: The following preliminary issues were identified as a result of the January 4, 2000 scoping effort:

- Implement the Revised Routt Forest Plan by closing FDT 1135 to motorized use.
- Amend the Revised Routt Forest Plan to allow continued motorized use.
- Reduce the size of the proposed parking areas.
- Construct physical barriers to prevent motorized use of the trail.
- User conflicts due to use of motorized vehicles in back country settings.
- User conflicts due to potentially reduced motorized trail opportunities.
- Resource impacts from motorized use of FDT 1135.
- Impacts to roadless areas from motorized use of FDT 1135.

Preliminary Alternatives: The following preliminary alternatives were developed in response to the issues identified above:

(1) *No Action:* The Forest Service would allow continued motorized use of the trail and would not amend the Routt National Forest Plan. Trailhead parking areas would not be created, and informational signing and Interpretive Education bulletin boards would not be installed.

(2) *Proposed Action:* Please refer to the description above.

(3) *Amend the Routt National Forest Plan to allow continued motorized use of FDT 1135:* The Forest Service would amend the Routt National Forest Plan to create a motorized Management Area corridor around FDT 1135. This action would change a linear portion of the currently non-motorized prescription to one that accommodates motorized uses in back country settings for roughly 100 feet on either side of FDT 1135. The Management Area change would affect roughly 9 miles of the trail. All other activities associated with this alternative would be identical to the proposed action.

Selection of this alternative would likely result in a significant amendment to the Routt National Forest Plan.

Persons requesting such confidentiality should be aware that, under the FOIA, confidentiality may be granted in only very limited circumstances, such as to protect trade secrets.
