SUPPLEMENTARY INFORMATION: On June 15, 2000, the OMB's Office of Information and Regulatory Affairs (OIRA) held a public meeting, attended by Federal agency and laboratory representatives and other interested persons, to discuss how best to apply electronic technology to the information collection, transmission, and storage of data connected with Federally-mandated drug testing programs. The meeting was titled "The Paperless Laboratory," though the subject matter was not limited to laboratory matters, as such. OMB, DOT, and HHS are very interested in moving forward in this area, and for this purpose we are convening a second public meeting.

The meeting will take place in the Truman Room of the White House Conference Center on August 4, 2000, from 9 a.m. to approximately 5 p.m. The White House Conference Center is located at 726 Jackson Place, NW., Washington, DC 20503. Lunch will be on your own.

- VII. Security technical issues: encryption, PKI, firewalls, biometrics, token technologies, etc.
- VIII. Next steps

One of the ideas the Federal agencies involved are considering is forming a formal advisory committee, under the Federal Advisory Committee Act (see item III(b) in agenda). This committee would consist of representatives of interested parties who would meet

periodically with the Federal agencies concerned with drug testing and attempt to formulate consensus recommendations on electronic technology as it relates to the DOT and HHS drug testing procedures. One of the purposes of the meeting is to determine the interest of non-government parties in participating in such a committee.

The primary focus of this initiative has been drug testing. However, DOT also has a parallel alcohol testing program. Many of the issues we are discussing also have relevance to the alcohol testing program. DOT is interested in using this meeting as a forum to discuss electronic alcohol testing information matters as well.

If you are interested in attending, please fax or e-mail the following information to Lisa Jones, OIRA, at 202-395-7245 or Ljones@omb.eop.gov by August 1, 2000. If you have any questions concerning registration for the meeting, you may call 202-395-5898.

Full Name, Title, Organization, Telephone and fax numbers, E-mail address, Special needs.

Issued this 21st day of July, 2000, at Washington, DC.

Director, Office of Drug and Alcohol Policy and Compliance.
