

their exemptions revoked if they compile an unsafe driving record.

For these reasons, the FMCSA believes exempting the individuals from 49 CFR 391.41(b)(10) is likely to achieve a level of safety equal to, or greater than, the level that would be achieved without the exemption as long as vision in their better eye continues to meet the standard specified in 391.41(b)(10). As a condition of the exemption, therefore, the FMCSA proposes to impose requirements on the individuals similar to the grandfathering provisions in 49 CFR 391.64(b) applied to drivers who participated in the agency's former vision waiver program.

These requirements are as follows: (1) That each individual be physically examined every year (a) by an ophthalmologist or optometrist who attests that vision in the better eye meets the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to his or her employer for retention in its driver qualification file or keep a copy in his or her driver qualification file if he or she becomes self-employed. The driver must also have a copy of the certification when driving so it may be presented to a duly authorized Federal, State, or local enforcement official.

In accordance with 49 U.S.C. 31315 and 31136(e), the proposed exemption for each person will be valid for 2 years unless revoked earlier by the FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31315 and 31136. If the exemption is effective at the end of the 2-year period, the person may apply to the FMCSA for a renewal under procedures in effect at that time.

Request for Comments

In accordance with 49 U.S.C. 31315 and 31136(e), the FMCSA is requesting public comment from all interested persons on the exemption petitions and the matters discussed in this notice. All comments received before the close of business on the closing date indicated above will be considered and will be available for examination in the docket

room at the above address. Comments received after the closing date will be filed in the docket and will be considered to the extent practicable, but the FMCSA may issue exemptions from the vision requirement to the 70 applicants and publish in the **Federal Register** a notice of final determination at any time after the close of the comment period. In addition to late comments, the FMCSA will also continue to file in the docket relevant information which becomes available after the closing date. Interested persons should continue to examine the docket for new material.

Authority: 49 U.S.C. 322, 31136 and 31315; 49 CFR 1.73.

Issued on: July 17, 2000.

Julie Anna Cirillo,

Acting Assistant Administrator, Federal Motor Carrier Safety Administration.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and its implementing regulations, the Federal Railroad Administration (FRA) hereby announces that it is seeking approval of the following information collection activities. Before submitting these information collection requirements for clearance by the Office of Management and Budget (OMB), FRA is soliciting public comment on specific aspects of the activities identified below.

DATES: Comments must be received no later than September 25, 2000.

ADDRESSES: Submit written comments on any or all of the following proposed activities by mail to either: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1120 Vermont Ave., N.W., Mail Stop 17, Washington, D.C. 20590, or Ms. Dian Deal, Office of Information Technology and Productivity Improvement, RAD-20, Federal Railroad Administration, 1120 Vermont Ave., N.W., Mail Stop 35, Washington, D.C. 20590. Commenters requesting FRA to acknowledge receipt of their respective comments must

include a self-addressed stamped postcard stating, "Comments on OMB control number 2130-New. Alternatively, comments may be transmitted via facsimile to (202) 493-6265 or (202) 493-6170, or E-mail to Mr. Brogan at robert.brogan@fra.dot.gov, or to Ms. Deal at dian.deal@fra.dot.gov. Please refer to the assigned OMB control number in any correspondence submitted. FRA will summarize comments received in response to this notice in a subsequent notice and include them in its information collection submission to OMB for approval.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1120 Vermont Ave., N.W., Mail Stop 17, Washington, D.C. 20590 (telephone: (202) 493-6292) or Dian Deal, Office of Information Technology and Productivity Improvement, RAD-20, Federal Railroad Administration, 1120 Vermont Ave., N.W., Mail Stop 35, Washington, D.C. 20590 (telephone: (202) 493-6133). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Pub. L. 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 C.F.R. Part 1320, require Federal agencies to provide 60-days notice to the public for comment on information collection activities before seeking approval by OMB. 44 U.S.C. 3506(c)(2)(A); 5 C.F.R. 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Specifically, FRA invites interested respondents to comment on the following summary of proposed information collection activities regarding (i) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (ii) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (iii) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (iv) ways for FRA to minimize the burden of information collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). See 44 U.S.C. 3506(c)(2)(A)(i)-(iv); 5 C.F.R. 1320.8(d)(1)(i)-(iv). FRA believes that

soliciting public comment will promote its efforts to reduce the administrative and paperwork burdens associated with the collection of information mandated by Federal regulations. In summary, FRA reasons that comments received will advance three objectives: (i) Reduce reporting burdens; (ii) ensure that it organizes information collection requirements in a "user friendly" format to improve the use of such information; and (iii) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

Below is a brief summary of proposed new information collection activities that FRA will submit for clearance by OMB as required under the PRA:

Title: Regional Inspection Point Listing Forms.

OMB Control Number: 2130–New.

Abstract: Through a direct comparison of inspection data with accident/incident data, the collection of information proposes to develop a profile county-by-county of what there is to inspect, and how much inspection activity was done by Federal and State railroad inspectors each year nationwide. The information collected will produce "snapshots" which will allow FRA to determine where the gaps are in inspection territories so that it can focus inspection resources where they will do the most good. As a result of the proposed information collection, FRA will be better able to equalize inspector workloads, and will be better able to make informed hiring decisions regarding the most effective placement of new inspectors. More targeted inspections will permit FRA to maximize its limited resources, and will serve to enhance overall safety on the nation's rail system.

Form Number(s): FRA F 6180.106(a)-(e).

Affected Public: Businesses.
Respondent Universe: 430 Federal and State Railroad Inspectors.
Frequency of Submission: On occasion.
Estimated Annual Burden: 3,960 hours.
Status: Regular Review.
 Pursuant to 44 U.S.C. 3507(a) and 5 C.F.R. 1320.5(b), 1320.8(b)(3)(vi), FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Authority: 44 U.S.C. 3501–3520.

Margaret B. Reid,

Acting Director, Office of Information Technology and Support Systems, Federal Railroad Administration.

BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

Research and Special Programs Administration Office of Hazardous Materials Safety; Notice of Applications for Modification of Exemption

AGENCY: Research and Special Programs Administration, DOT.

ACTION: List of applications for modification of exemptions.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, exemptions from the Department of Transportation's Hazardous Materials Regulations (49 CFR Part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. This notice is abbreviated to expedite

docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier **Federal Register** publications, they are not repeated here. Requests for modifications of exemptions (e.g., to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. These applications have been separated from the new applications for exemptions to facilitate processing.

DATES: Comments must be received on or before August 9, 2000.

ADDRESS COMMENTS TO: Records Center, Research and Special Programs Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the exemption number.

FOR FURTHER INFORMATION: Copies of the applications are available for inspection in the Records Center, Nassif Building, 400 7th Street SW, Washington, DC or at <http://dms.dot.gov>.

This notice of receipt of applications for modification of exemptions is published in accordance with Part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Issued in Washington, DC, on July 19, 2000.

R. Ryan Posten,

Exemptions Program Officer, Officer of Hazardous Materials; Exemptions and Approvals.

Application number	Docket number	Applicant	Modification of exemption
3187–M	RSPA–1999–5903	PPG Industries, Inc., Pittsburgh, PA (See Footnote 1)	3187
11506–M		OEA Inc., Denver, CO (See Footnote 2)	11506
12301–M		Steptoe & Johnson LLP, Washington, DC (See Footnote 3)	12301

(1) To authorize alternative packaging and the use of common carriers in exclusive use for the transportation of Division 5.2 materials.
 (2) To modify the exemption to authorize a design change using a welded flange and laser etching on the exterior of non-DOT specification pressure vessels for use as components of automobile vehicle safety systems.
 (3) To modify the exemption to waive the marking requirements so that shipping papers and cylinders do not have to bear the DOT exemption number.
