**Advisory Committee for Injury Prevention and Control (ACIPC): Family and Intimate Violence Prevention Subcommittee: Meeting**

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following subcommittee meeting.

*Name:* ACIPC Family and Intimate Violence Prevention Subcommittee.

*Times and Dates:* 10 a.m.–4:30 p.m., August 15, 2000.

*Place:* The Westin Atlanta Airport, 4736 Best Road, College Park, Georgia 30337.

*Status:* Open to the public, limited only by the space available.

*Purpose:* To provide and make recommendations to ACIPC and the Director, National Center for Injury Prevention and Control (NCIPC), regarding feasible goals for prevention and control of family and intimate violence and sexual assault. The Subcommittee will make recommendations regarding policies, strategies, objectives and priorities.

*Matters To Be Discussed:* The Subcommittee will review, and discuss, the clarification of roles (e.g., cross-cutting) among CDC's funded research and resource center projects, and Changing Social Norms. The Subcommittee will be provided an update on CDC's future surveillance activities for collecting national and state data on violence against women (VAW) for fiscal year 2001–2002. The Subcommittee will also be provided an update on the Division of Violence Prevention's (DVP) reorganization and how DVP will maintain visibility of family and intimate violence prevention programs.

Agenda items are subject to change as priorities dictate.

*Contact Person for More Information:* Ileana Arias, Ph.D., Team Leader, Family and Intimate Violence Prevention Team, DVP, NCIPC, CDC, 4770 Buford Highway, NE, M/ S K60, Atlanta, Georgia 30341–3724, telephone 770/488–4410.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Dated: July 20, 2000.

**Agency Recordkeeping/Reporting Requirements Under Emergency Review by the Office of Management and Budget (OMB)**

*Title:* Head Start Family and Child Experiences Survey (FACES).

*OMB No.:* Revision of a currently approved collection (OMB No. 0970–0151).

*Description:* The Administration on Children, Youth and Families (ACYF), Administration for Children and Families (ACF) of the Department of Health and Human Services (DHHS) is requesting comments on plans to extend the Head Start Family and Child Experiences Survey (FACES). This study is being conducted under contract with Westat, Inc. (with Ellsworth Associates and the CDM Group as their subcontractors) (#105–96–1912) to collect information on Head Start performances measures. This revision is intended to extend the current design to a national probability sample of 43 additional Head Start programs in order to ascertain what progress has been made since 1997 in meeting Head Start program performance goals.

FACES currently involves seven phases of data collection. The first

phase was a Spring 1997 Field test in which approximately 2400 parents and children were studied in a nationally stratified random samples of 40 Head Start programs. The second and third phases occurred in Fall 1997 (Wave 1) and Spring 1998 (Wave 2) when data were collected on a sample of 3200 children and families in the same 40 programs. Spring 1998 data collection included assessments of both Head Start children completing kindergarten (kindergarten field test) as well as interviews with their parents and ratings by their kindergarten teachers. In the fourth and fifth phases, follow-up continued for a second program year, plus a kindergarten follow-up. The sixth and seventh waves of data collection involve data collection in spring of the first-grade year for both cohorts of children, those completing kindergarten in spring 1999, and those completing kindergarten in spring 2000. The current plan is to extend data collection to a new cohort of 2825 children and families in a new sample of 43 Head Start programs.

This schedule of data collection is necessitated by the mandates of the Government Performance and Results Act (GPRA) of 1993 (Pub. L. 103–62), which requires that the Head Start Bureau move expeditiously toward development and testing of Head Start Performance Measures, and by the 1994 reauthorization of Head Start (Head Start Act, as amended, May 18, 1994, Section 649 (d)), which requires periodic assessments of Head Start's quality and effectiveness.

*Respondents:* Federal Government, Individuals or Households, and Not-for-profit institutions.

### Food and Drug Administration

#### Request for Nominations for Members of Public Advisory Committee; Food Advisory Committee

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Food and Drug Administration (FDA) is requesting nominations for members to serve on the Food Advisory Committee (the Committee) in FDA's Center for Food Safety and Applied Nutrition.

Nominations will be accepted for current vacancies and vacancies that will or may occur on the Committee during the next 12 months.

FDA has special interest in ensuring that women, minority groups, and the physically handicapped are adequately represented on advisory committees and, therefore, extends particular encouragement to nominations of appropriately qualified female, minority, or physically handicapped candidates. Final selection from among qualified candidates for each vacancy will be determined by the expertise required to meet specific agency needs and in a manner to ensure appropriate balance of membership.

**DATES:** August 28, 2000.

**ADDRESSES:** All nominations for membership should be sent to Catherine M. DeRoever (address below).

**FOR FURTHER INFORMATION CONTACT:**

Regarding all nominations for membership: Catherine M. DeRoever, Center for Food Safety and Applied Nutrition (HFS-6), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-205-4251, FAX 202-205-4970.

**SUPPLEMENTARY INFORMATION:** FDA is requesting nominations for members to serve on the advisory committee listed below. Individuals should have expertise in the activity of the Committee. Vacancies will occur June 30, 2000.

#### Food Advisory Committee

The Committee provides advice primarily to the Director, Center for Food Safety and Applied Nutrition (CFSAN), and as needed, to the Commissioner of Food and Drugs, and other appropriate officials, on emerging food safety, food science, and nutrition,

and other food-related issues that FDA considers of primary importance for its food and cosmetics program. The Committee may be charged with reviewing and evaluating available data and making recommendations on matters such as those relating to: (1) Broad scientific and technical food or cosmetic related issues; (2) the safety of new foods and food ingredients; (3) labeling of foods and cosmetics; (4) nutrient needs and nutritional adequacy; and (5) safe exposure limits for food contaminants. The Committee may also be asked to provide advice and makes recommendations on ways of communicating to the public the potential risks associated with these issues and recommends on approaches to that might be considered in for addressing them the issues.

The Committee has been restructured to consist of a "parent" Committee and four standing Subcommittees. The Subcommittees are as follows: (1) Additives and Ingredients; (2) Contaminants and Natural Toxicants; (3) Dietary Supplements; and (4) Food Biotechnology. The new Food Advisory Committee "parent"/Subcommittees structure was adopted because of the breadth of scientific disciplines needed to consider emerging food safety and nutrition related matters. Further, the new structure provides an expanded knowledge base from which to draw essential expertise in emerging and reemerging scientific areas. While the former structure of a single standing Committee was considered responsive to the needs of CFSAN and FDA when originally chartered in 1991, the increasing breadth of the scientific questions that must be addressed by CFSAN prompted the design of for the new structure.

The purpose of the Subcommittees is to provide highly specialized expertise in the review and analysis of assigned topics. As was the case of former ad hoc Subcommittees, meetings of the Subcommittees are expected to shall be open to the public in accordance with
