

name of each core competency and a definition and description for each competency.

- A chart indicating the four management levels, their critical Core Competencies, and a brief justification or explanation of their assignment to their particular management level. (This might be done by breaking the Matrix into four separate matrices, one for each level.)

- Two fully developed Core Competencies. These two will be selected in conjunction with the NIC Project Coordinator. These fully developed competencies will include; the general definition and/or description of the competency, a brief justification for its assignment to the Senior management level, a description of the theoretical framework or knowledge base needed by the participant to use and develop the competency, a description of the behaviors that reflect the competency, the skills necessary to use and develop the competency, and suggested training styles, instructional strategies and activities appropriate for "teaching" these competencies at the Senior management level.

Phase Two Products

- A brief narrative review of the project.
- An introduction to the Core Competency Model, plus an orientation and instructions regarding its application and use.
- The fully developed Core Competencies for each of the four management levels in the established matrix format with accompanying detailed narratives and references.

Phase Two products will incorporate any revisions indicated by the review of the Phase One work.

All work will be completed in or converted to Corel WordPerfect 8 or 9. Graphics will be developed in or converted to Corel Presentations. Two camera ready copies of the work will be presented, along with computer files on Compact Disks. Technical terms and acronyms must be fully explained and/or defined. The work must be carefully proof-read and edited to ensure readable text and comprehension.
