

NUCLEAR REGULATORY COMMISSION

[Docket No. 50–286]

Power Authority of the State of New York Indian Point Nuclear Generating Unit No. 3; Issuance of Director's Decision Under 10 CFR 2.206

By letter dated February 10, 2000, Mr. David A. Lochbaum, on behalf of the Union of Concerned Scientists (Petitioner), pursuant to Section 2.206 of Title 10 of the *Code of Federal Regulations* (10 CFR 2.206), requested that the U.S. Nuclear Regulatory Commission (Commission or NRC) take action with regard to the Indian Point Nuclear Generating Unit No. 3 (IP3), owned and operated by the Power Authority of the State of New York (PASNY). The Petitioner requested that the NRC order PASNY to assess the corrective action process and the work environment at IP3 and to take timely actions to remedy any deficiencies it may identify.

The Director of the Office of Nuclear Reactor Regulation has addressed the technical concerns provided by the Petitioner. However, the Petitioner's request for the staff to take enforcement action was not granted for the reasons that are explained in the "Director's Decision Pursuant to 10 CFR 2.206" (DD-00-03). The complete text of the Director's Decision is available for public inspection at the Commission's Public Document Room located in the Gelman Building, 2120 L Street, NW., Washington, DC., and will be accessible electronically from the agencywide documents access and management system (ADAMS) public library component on the NRC Web site, <http://www.nrc.gov> (the electronic reading room).

A copy of the Decision will be filed with the Secretary of the Commission for the Commission's review in accordance with 10 CFR 2.206(c) of the Commission's regulations. As provided for by this regulation, the Decision will constitute the final action of the Commission 25 days after the date of issuance of the Decision unless the Commission, on its own motion, institutes a review of the Decision within that time.

Dated at Rockville, Maryland, this 26th day of July 2000.

For the Nuclear Regulatory Commission.

Samuel J. Collins,

Director, Office of Nuclear Reactor Regulation.

SOCIAL SECURITY ADMINISTRATION**Privacy Act of 1974, as Amended; Revisions to Existing Systems of Records**

AGENCY: Social Security Administration (SSA).

ACTION: Revision to existing systems of records.

SUMMARY: In accordance with the Privacy Act (5 U.S.C. 552a(e)(4)), we are issuing public notice of a revision to SSA's special procedure for providing individuals notification of, or access to, their medical records in SSA's possession when direct access to the records may have an adverse affect on the individual to whom the record pertains. The revised procedure is applicable to 28 of SSA's systems of records. The revised procedure is the result of a Seventh Circuit decision invalidating SSA's regulation on access to medical records. See 20 CFR 401.55. Thus, we are changing the "Notification Procedure" and "Record Access Procedures" sections in each system of records notice to conform to the Seventh Circuit's decision.

We invite public comment on this proposal.

DATES: The proposed revisions will become effective August 1, 2000.

ADDRESSES: Interested individuals may comment on this publication by writing to the SSA Privacy Officer, Social Security Administration, 3-F-1 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235-6401. All comments received will be
