

DEPARTMENT OF DEFENSE**Office of the Secretary****Defense Advisory Committee on Military Personnel Testing; Notice of Meeting**

Pursuant to Public Law 92-463, notice is hereby given that a meeting of the Defense Advisory Committee on Military Personnel Testing is scheduled to be held from 8:00 a.m. to 5:00 p.m. on September 7, 2000, and from 8:00 a.m. to 5:00 p.m. on September 8, 2000. The meeting will be held at The Inn at Newport Beach, Memorial Boulevard, Newport, Rhode Island. The purpose of the meeting is to review planned changes and progress in developing paper-and-pencil and computerized enlistment tests and renorming of the tests. Persons desiring to make oral presentations or submit written statements for consideration at the Committee meeting must contact Dr. Jane M. Arabian, Assistant Director, Accession Policy, Office of the Assistant Secretary of Defense (Force Management Policy), Room 2B271, The Pentagon, Washington, DC 20301-4000, telephone (703) 697-9271, no later than August 18, 2000.

Dated: July 27, 2000.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-10-M

DEPARTMENT OF DEFENSE**Department of the Air Force****Fourth Supplemental Record of Decision (FSROD) for the Disposal and Reuse of Grissom Air Force Base (AFB), Indiana**

On July 14, 2000, the Air Force issued the Fourth Supplemental Record of Decision (FSROD) for the Disposal and Reuse of Grissom AFB, Indiana. The decision included in this FSROD has been made in consideration of, but not limited to, the information contained in the Final Environmental Impact Statement (FEIS) for the disposal and reuse of Grissom AFB, filed with the Environmental Protection Agency and made available to the public on September 6, 1994.

Grissom AFB closed on September 30, 1994, pursuant to the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. 2687 note) and the recommendations of the Defense Base Closure and Realignment Commission. The FEIS analyzed potential environmental impacts of the Air Force's disposal options by portraying a variety of potential land uses to cover a range of reasonably foreseeable future uses of the property and facilities by others.

The Air Force issued a ROD on October 11, 1994 and Supplemental RODs on June 30, 1997, April 14, 1998, and August 13, 1999, that documented decisions regarding the intended disposal of Government-owned property at the base. Since the issuance of the ROD and the Supplemental RODs, changing governmental priorities and economic situations have required a modification to the following Air Force disposal decisions: Parcel 01 (Electrical Distribution System, including approximately 1 acre of land) and 06 (Gas Distribution System) are made available for disposal by Economic

Disposal Conveyance (EDC) rather than negotiated sale to utility companies.

The implementation of these conversion activities and associated environmental mitigation measures will proceed with minimal adverse impact to the environment. This action conforms with applicable Federal, State and local statutes and regulations, and all reasonable and practical efforts have been incorporated to minimize harm to the local public and the environment. The analyses contained in the FEIS are still valid. Any questions regarding this matter may be directed to Mr. John J. Corradetti, Jr., Program Manager, Division A, at 703-696-5250. Correspondence should be sent to AFBCA/DA, 1700 North Moore Street, Suite 2300, Arlington, VA 22209-2802.

Janet A. Long,

Air Force Federal Register Liaison Officer.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Project No. 1986]

Oregon Trail Electric Consumers Cooperative Inc.; Notice Soliciting Applications

July 27, 2000.

On July 1, 1991, Oregon Trail Electric Consumers Inc., licensee for the rock Creek Hydroelectric Project No. 1986, filed a notice of intent to file an application for a new license, pursuant to section 15(b)(1) of the Federal Power Act (Act). The original license for Project No. 1986 was issued effective June 30, 1946, and expired June 29, 1996. The project occupies 6.29 acres of land of the United States within the Whitman National Forest.

The project is located on the Rock Creek, a tributary of the Powder River, in Baker County, Oregon. The principal project works consist of: (a) low concrete diversion dam; (b) an 8,800-foot-long flume; (c) a regulating forebay of about 7 acre-feet; (d) a 2,720-foot-long penstock; (e) a powerhouse with a total installed capacity of 800 kW; (f) a transmission line; and (g) appurtenant facilities.

The licensee did not file an application for new license which was due by June 29, 1994. Pursuant to section 16.25 of the Commission's Regulations, the Commission solicited applications from potential applicants other than the existing licensee. On June 19, 1995, a prospective applicant
