

This notice also serves as the only reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This five-year (“sunset”) review and notice are in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: July 27, 2000.

Troy H. Cribb,
Acting Assistant Secretary for Import Administration.

Cut-to-Length Carbon Steel Plate From Romania; Final Results of Full Sunset Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Full Sunset Review: Cut-to-Length Carbon Steel Plate from Romania.

SUMMARY: On April 6, 2000, the Department of Commerce (“the Department”) published a notice of preliminary results of the full sunset review of the antidumping duty order on cut-to-length steel plate from Romania (65 FR 16171) pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). We provided interested parties an opportunity to comment on our preliminary results. We did not receive comments from either domestic or respondent interested parties. As a result of this review, the Department finds that revocation of this order would be likely to lead to continuation or recurrence of dumping at the levels indicated in the Final Results of Review section of this notice.

EFFECTIVE DATE: August 2, 2000.

FOR FURTHER INFORMATION CONTACT:

Kathryn McCormick or James Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230;

telephone: (202) 482-1930 or (202) 482-3330, respectively.

Statute and Regulations

Unless otherwise indicated, all citations to the Act are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (“URAA”). In addition, unless otherwise indicated, all citations to the Department regulations are to 19 CFR part 351 (1999). Guidance on methodological or analytical issues relevant to the Departments conduct of sunset reviews is set forth in the Departments Policy Bulletin 98.3—*Policies Regarding the Conduct of Five-year (“Sunset”) Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin*, 63 FR 18871 (April 16, 1998) (“Sunset Policy Bulletin”).

Background

On April 6, 2000, the Department of Commerce (“the Department”) published in the **Federal Register** a notice of preliminary results of the full sunset review of the antidumping duty order on cut-to-length steel plate from Romania, pursuant to section 751(c) of the Act. In our preliminary results, we found that revocation of the order would be likely to lead to continuation or recurrence of dumping, and we preliminarily determined the following dumping margins likely to prevail if the order were revoked:

Producer/exporter	Margin (In percent)
Metalexportimport, S.A.	75.04
All Others	75.04

We did not receive a case brief on behalf of either domestic or respondent interested parties within the deadline specified in 19 CFR 351.309(c)(1)(i).

Scope of Review

These products include hot-rolled carbon steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief), of rectangular shape, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with

plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedule (“HTS”) under item numbers:

7208.31.0000, 7208.32.0000,
7208.33.1000, 7208.33.5000,
7208.41.0000, 7208.42.0000,
7208.43.0000, 7208.90.0000,
7210.70.3000, 7210.90.9000,
7211.11.0000, 7211.12.0000,
7211.21.0000, 7211.22.0045,
7211.90.1000, 7212.40.1000,
7212.50.0000, and 7212.50.5000.

Included in this order are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been “worked after rolling”—for example, products which have been beveled or rounded at the edges. Excluded from this order is grade X-70 plate. These HTS item numbers are provided for convenience and customs purposes. The written description remains dispositive.

Analysis of Comments Received

The Department did not receive case briefs from either domestic or respondent interested parties. Therefore, we have not made any changes to our preliminary results of April 6, 2000 (65 FR 616171).

Final Results of Review

As a result of this review, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the levels listed below:

Producer/exporter	Margin (In percent)
Metalexportimport, S.A.	75.04
All Others	75.04

This notice also serves as the only reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the return or disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department’s regulations. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This five-year (“sunset”) review and notice are in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: July 27, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

Cut-to-Length Carbon Steel Plate From Canada; Final Results of Full Sunset Review of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of full sunset review: Cut-to-Length Carbon Steel Plate from Canada.

SUMMARY: On April 7, 2000, the Department of Commerce ("the Department") published a notice of preliminary results of the full sunset review of the antidumping duty order on cut-to-length carbon steel plate from Canada (65 FR 18290) pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). We provided interested parties an opportunity to comment on our preliminary results. We received comments from both domestic and respondent interested parties. As a result of this review, the Department finds that revocation of this order would be likely to lead to continuation or recurrence of dumping.

EFFECTIVE DATE: August 2, 2000.

FOR FURTHER INFORMATION CONTACT:

Kathryn B. McCormick or James Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, D.C. 20230; telephone: (202) 482-1930 or (202) 482-3173, respectively.

SUPPLEMENTARY INFORMATION:

Statute and Regulations

This review is being conducted pursuant to sections 751(c) and 752 of the Act. The Department's procedures for the conduct of sunset reviews are set forth in *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13516 (March 20, 1998) ("Sunset Regulations") and in CFR Part 351 (1999) in general. Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department's Policy Bulletin 98.3—

Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin, 63 FR 18871 (April 16, 1998) ("Sunset Policy Bulletin").

Background

On April 7, 2000, the Department of Commerce ("the Department") published in the **Federal Register** a notice of preliminary results of the full sunset review of the antidumping duty order on cut-to-length carbon steel plate from Canada (65 FR 18290) pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). In our preliminary results, we found that revocation of the order would likely result in continuation or recurrence of dumping with net margins of 68.70 percent for Stelco, Inc. ("Stelco") and 61.88 percent for "all others."

On April 26, 2000, Bethlehem Steel Corporation, U.S. Steel Group, a unit of USX Corporation, Ispat Inland, Inc., and LTV Steel Company, Inc. (collectively "domestic interested parties") requested a hearing in the sunset review. On May 1, 2000, Stelco also requested a hearing.

On May 9, 2000, within the deadline specified in 19 CFR 351.209(c)(1)(i), we received a case brief on behalf of Stelco. On May 12 and May 17, 2000, domestic interested parties requested an extension of the deadline for filing rebuttal briefs; on May 19, 2000, the Department granted an extension for domestic interested parties to file rebuttal briefs until May 22, 2000.¹ Additionally, on May 17, 2000, because Stelco's case brief contained information from Gerdau MRM Steel's ("MRM") untimely submission to the notice of initiation, the Department requested that Stelco redact its case brief accordingly. Subsequently, we received Stelco's resubmission of page 16 of its case brief. Additionally, the Department canceled the scheduled hearing in response to interested parties' withdrawal of their requests for a hearing.

Scope of Review

The scope of this order includes hot-rolled carbon steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief), of rectangular shape, neither clad, plated, nor coated with metal,

whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedule ("HTS") under item numbers:

7208.40.3030, 7208.40.3060, 7208.51.5030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000. Included in this order are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")—for example, products which have been beveled or rounded at the edges. Excluded from this order is grade X-70 plate. Also excluded is cut-to-length carbon steel plate meeting the following criteria: (1) 100 percent dry steel plates, virgin steel, no scrap content (free of Cobalt-60 and other radioactive nuclides); (2) 0.290 inches maximum thickness, plus 0.0, minus 0.030 inches; (3) 48.00 inch wide, plus 0.05, minus 0.0 inches; (4) 10 foot lengths, plus 0.5, minus 0.0 inches; (5) flatness, plus/minus 0.5 inch over 10 feet; (6) AISI 1006; (7) tension leveled; (8) pickled and oiled; and (9) carbon content, 0.3 to 0.8 (maximum). On February 28, 1996, the Department revoked the order with respect to certain cut-to-length carbon steel plate free of cobalt-60 and other radioactive nuclides; and with certain dimensions and other characteristics.² On February 12, 1999, the Department revoked the order with respect certain cut-to-length carbon steel plate free of cobalt-60 and other radioactive nuclides; and with certain dimensions and other characteristics.³ In addition, there has been one circumvention inquiry initiated with respect to imports of
