FOR FURTHER INFORMATION CONTACT: Walter J. Grandjean, (202) 314-7256.

SUPPLEMENTARY INFORMATION: In cooperation with Canada Post Corporation (CPC), the Postal Service offers Global Direct—Canada Admail. This international mail service is primarily intended for major printing firms, direct marketers, mail order companies, and other high-volume mailers seeking easier access to the Canadian domestic postal system. It is intended to provide mail delivery in an average of 5 to 10 business days in major urban areas throughout Canada. Ancillary services for local business reply and the return of undeliverable mail are also provided for use with Global Direct—Canada Admail.

CPC has announced a rate change for Admail. This makes it necessary for the Postal Service to adjust the rates it charges for Global Direct—Canada Admail.

The Postal Service is also eliminating discounts for Global Direct—Canada Admail. Discounts will no longer be available for Global Direct—Canada Mail; however, revenue from Global Direct—Canada Admail will count toward the revenue requirements for International Priority Airmail and International Surface Air Lift discounts. This enables the Postal Service to reduce the rate for Global Direct—Canada Admail.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Chapter I

48 CFR Chapter 15

[Docket No. FRL–6487–4]

Change of Official EPA Mailing Address; Technical Amendments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule

SUMMARY: EPA is relocating the majority of its Headquarter offices in the Washington Metropolitan area to new offices in downtown Washington, DC. Because of the relocations, EPA has changed its official mailing address and is amending the Code of Federal Regulations (CFR) to reflect this change where applicable. Although the official mailing address has changed, the physical location of the public information centers and dockets has not yet changed. This relocation effort will eventually consolidate the EPA Headquarter offices in the Washington Metropolitan area providing for increased savings, efficiency, and enhancement of customer services. The EPA mailing address change will be phased in for all EPA correspondence, publications, forms, and other documents.

DATES: This final rule is effective on August 2, 2000.

FOR FURTHER INFORMATION CONTACT: Paul Lapsley, Director of Regulatory Management, Office of Policy and Reinvention (2136A), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564–5480; e-mail address: lapsley.paul@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Does this Action Apply to Me?

This action is directed to the public in general, and has particular applicability to anyone who might need or want to communicate in writing with EPA, or submit information to the Agency. Since this action may apply to anyone, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. How Can I Get Additional Information, Including Copies of this Document?

You may obtain electronic copies of this document, and other information about EPA programs from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select “Laws and Regulations” and then look up the entry for this document under the “**Federal Register**—Environmental Documents.” You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

III. What Action is the Agency Taking?

EPA is announcing a change in its official mailing address and is amending the CFR to reflect this change. EPA is relocating its Headquarter offices in the Washington Metropolitan area to new offices in downtown Washington, DC. This effort will consolidate the majority of the EPA Headquarter offices in the Washington Metropolitan area providing for increased savings, efficiency, and enhancement of customer services. To date, approximately two-thirds of the EPA Headquarter offices have been successfully relocated to the new location, with the remaining offices expected to move within the next 2 years. Although not all of the offices have been relocated, the Agency will begin to phase in the new address for all of its documents over the next 12 months. This announcement and amendments to the CFR will begin the implementation of this change.

Although EPA’s official mailing address has changed, EPA will continue to receive mail with the old address until the EPA relocation is complete. The EPA mailing center which processes all of EPA’s mail has not been relocated yet, so EPA will continue to physically receive and process all of its mail at its current location until this operation is relocated.

If you wish to inspect a rulemaking record or deliver documents (e.g., your comments on a rulemaking) directly to the public record centers, which are also referred to as the public docket or locations for the public version of the official record, you should pay particular attention to information about the specific location of the particular public record center, because these record centers have not been relocated. EPA intends to consolidate these centers in the new location, and will announce the relocation when it occurs. For information about the location of these centers go to <http://www.epa.gov/epahome/dockets.htm>.
