

withhold their home address from the public record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the public record a respondent's identity, as allowable by law. If you request that we withhold your name and/or address, state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

**SUPPLEMENTARY INFORMATION:**

*Title:* Solid Minerals Production and Royalty Report

*OMB Control Number:* 1010-0120.

*Bureau Form Number:* MMS-4430.

*Abstract:* The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian Lands and the Outer Continental Shelf (OCS). The Secretary of the Interior (Secretary) is responsible for managing the production of minerals from Federal and Indian Lands and the OCS; for collecting royalties from lessors who produce minerals; and for distributing the funds collected in accordance with applicable laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. We perform the royalty management functions and assist the Secretary in carrying out DOI's Indian trust responsibility.

When a company or an individual enters into a contract or lease to develop, mine, and dispose of Federal or Indian minerals, that company or individual (the respondent) agrees to pay the appropriate royalty due based upon gross proceeds received from the sale of production from the leased lands. Royalty rates are specified in the lease agreement.

Specific lease language varies; however, respondents agree by the lease terms to furnish statements providing the details of all operations conducted on a lease and the quantity and quality of all production from the lease at such times and in such form as the Secretary may prescribe. Rules require

respondents to provide accurate, complete, and timely reports for all minerals produced, in the manner and form prescribed by MMS in 30 CFR 210 Subpart E and 216.21. In January 1999, we introduced the Production and Royalty Report, Form MMS-4430, to collect the required information from respondents participating in the solid minerals operational model. Because of the success of this streamlined reporting method, we are proposing to expand the use of this report to all solid mineral operators.

Submission of this information collection will be mandatory. Proprietary information that is submitted is protected, and there are no questions of a sensitive nature included in this information collection.

*Frequency:* Monthly.

*Estimated Number and Description of Respondents:* 290 solid mineral operators.

*Estimated Annual Reporting and Recordkeeping "Hour" Burden:* 1 hour.

*Estimated Annual Reporting and Recordkeeping "Non-hour Cost" Burden:* n/a.

*Comments:* The Paperwork Reduction Act, 44 U.S.C. 3506(c)(2)(A), requires each agency "to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also require agencies to estimate the total annual reporting "non-hour cost" burden to respondents or recordkeepers resulting from the collection of information. We have not identified non-hour cost burdens and need to know if there are other costs associated with the collection of this information for either total capital and startup cost components or annual operation, maintenance, and purchase of service components. Your estimates should consider the costs to generate, maintain, and disclose or provide the information. You should describe the methods you use to estimate major costs factors, including system and technology acquisition, expected useful

life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, drilling, and testing equipment; and record storage facilities.

Your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

The Paperwork Reduction Act of 1995 provides that an agency shall not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Dated: July 31, 2000.

Persons interested in reviewing environmental documents for the proposals listed above or obtaining information about EA's and FONSI's prepared for activities on the Gulf of Mexico OCS are encouraged to contact the MMS office in the Gulf of Mexico OCS Region.

**FOR FURTHER INFORMATION CONTACT:** Public Information Unit, Information Services Section, Gulf of Mexico OCS Region, Minerals Management Service, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394, Telephone (504) 736-2519.

**SUPPLEMENTARY INFORMATION:** The MMS prepares EA's and FONSI's for proposals which relate to exploration for and the development/production of oil and gas resources on the Gulf of Mexico OCS. The EA's examine the potential environmental effects of activities described in the proposals and present MMS conclusions regarding the significance of those effects. Environmental Assessments are used as a basis for determining whether or not approval of the proposals constitutes major Federal actions that significantly affect the quality of the human environment in the sense of NEPA Section 102(2)(C). A FONSI is prepared in those instances where the MMS finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the EA.

This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

Dated: July 28, 2000.

## DEPARTMENT OF JUSTICE

### Office of Community Oriented Policing Services

#### Agency Information Collection Activities: Proposed Collection: Comment Request

**ACTION:** Notice of Information Collection under Review: Extension of a Currently Approved Collection; COPS Grant Status Survey.

Office of Management and Budget (OMB) approval is being sought for the information collection listed below. This proposed information collection was previously published in the **Federal**

**Register** and allowed 60 days for public comment.

The purpose of this notice is to allow an additional 30 days for public comments from the date listed at the top of this page in the **Federal Register**. This process is conducted in accordance with 5 Code of Federal Regulation, § 1320.10.

Written comments and/or suggestions regarding the items contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Regulatory Affairs, Attention: Department of Justice Desk Officer, Washington, DC 20530. Additionally, comments may be submitted to OMB via facsimile to (202) 395-7285. Comments may also be submitted to the Department of Justice (DOJ), Justice Management Division, Information Management and Security Staff, Attention: Department Deputy Clearance Officer, Suite 1220, 1331 Pennsylvania Avenue, NW, Washington, DC 20530.

Written comments may also be submitted to Marcia O. Samuels, COPS Count Project Manager, Office of Community Oriented Policing Services, Grant Monitoring Division, 1100 Vermont Avenue, NW., Washington, DC 20530, or via facsimile at (202) 633-1293.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information, *e.g.*, permitting electronic submission of responses.

#### Overview of This Collection

1. *Type of Information Collection:* Second collection.
2. *Title of the Form/Collection:* COPS Grant Status Survey.

3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form: COPS 301/01. Office of Community Oriented Policing Services, U.S. Department of Justice.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* The COPS Count Project surveys agencies who currently have been awarded a Hiring and/or MORE grants from the COPS Office. The information collected provides an accurate up to date account on the status of officers hired/redeployed.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* Estimated number of respondents: 11,559. Estimated time for average respondent to respond: 1 hour annually.

6. *An estimate of the total of public burden (in hours) associated with the collection:* Approximately 11,559 annual burden hours.
