General Wage Determination
 Publication

General wage determinations issued under the Davis-Bacon and related Acts, including those noted above, may be found in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon and Related Acts." This publication is available at each of the 50 Regional Government Depository Libraries and many of the 1,400 Government Depository Libraries across the country.

The general wage determinations issued under the Davis-Bacon and related Acts are available electronically by subscription to the FedWorld Bulletin Board System of the National Technical Information Service (NTIS) of the U.S. Department of Commerce at 1-800-363-2068.

Hard-copy subscriptions may be purchased from: Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, (202) 512-1800.

When ordering hard-copy subscription(s), be sure to specify the State(s) of interest, since subscriptions may be ordered for any or all of the seven separate volumes, arranged by State. Subscriptions include an annual edition (issued in January or February) which includes all current general wage determinations for the States covered by each volume. Throughout the remainder of the year, regular weekly updates are distributed to subscribers.

Signed at Washington, DC, this 27th day of July 2000.

Carl J. Poleskey,

Chief, Branch of Construction Wage Determinations.

BILLING CODE 4510-27-M

**NATIONAL AERONAUTICS AND
 SPACE ADMINISTRATION**

Notice (00-092)

**Conduct of Employees, Notice of
 Waiver Pursuant to Section 207(j)(5),
 Title 18, United States Code**

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice.

SUMMARY: The Administrator of the National Aeronautics and Space Administration has determined, after consultation with the Director of the Office of Government Ethics, that it is in the national interest to waive the post-employment restrictions of Section 207, Title 18, United States Code, with respect to the former Deputy Director for Launch and Payload Processing, at Kennedy Space Center, Loren Shriver.

FOR FURTHER INFORMATION CONTACT: R. Andrew Falcon, Office of the General Counsel, NASA Headquarters, Washington, DC 20546, 202-358-2028.

SUPPLEMENTARY INFORMATION: Section 207(j)(5) of Title 18 of the United States Code authorizes the Administrator of the National Aeronautics and Space Administration to waive the post-employment restrictions of subsections 207(a)(1), 207(a)(2), and 207(c), to permit a former employee with outstanding qualifications in a scientific, technological, or other technical discipline to make appearances before or communications to the Government in connection with a particular matter which requires such qualifications, where it has been determined that the national interest would be served by the participation of the former employee.

It has been established to my satisfaction that Loren Shriver, the former Deputy Director for Launch and Payload Processing at Kennedy Space Center, has outstanding technological qualifications in mission control, launch processing, and flight operations. Mr. Shriver has unique experience in the areas of Space Shuttle operations and launch integration. In his most recent position and as Space Shuttle Program Manager, Launch Integration, he acquired unique knowledge of flight hardware integration, test, and check out, and established the current standard technical determinations that are required to establish flight readiness. He headed the Program Requirements Control Board, which meets daily to enable NASA, the prime contractors, and subcontractors to resolve pre-flight anomalies related to orbiter and payload processing. In addition to his experience

in Space Shuttle processing and launch, Mr. Shriver has expert knowledge of the Space Shuttle vehicle systems, flight hardware, mission integration and mission execution gained through his 15 years of service as a Space Shuttle astronaut, mission commander, and Deputy Chief of the Astronaut Office. I am satisfied that, as the Deputy Program Manager for Operations for the United Space Flight Operations Contract, NAS 9-20000, he will be required to utilize these qualifications in the performance of his duties with respect to the processing and launch of the Space Shuttle and related systems, and that it will be in the national interest to permit him to appear before and communicate with Government officials on these matters.

Therefore, after consultation with the Office of Government Ethics, I have waived the post-employment prohibitions of subsections 207(a)(1), 207(a)(2), and 207(c) of Title 18 of the United States Code in order to permit direct communications between Mr. Shriver and employees of NASA and other Government agencies with respect to space flight activities.

Dated: July 27, 2000.

Daniel S. Goldin,

NASA Administrator.

BILLING CODE 7510-01-P

**NUCLEAR REGULATORY
 COMMISSION**

[Docket Nos. 50-338 and 50-339]

**Virginia Electric and Power Company;
 Notice of Withdrawal of Application for
 Amendment to Facility Operating
 License**

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Virginia Electric and Power Company to withdraw its May 3, 1999, application, as supplemented March 16, 2000, for proposed amendment to Facility Operating License Numbers NPF-4 and NPF-7, for the North Anna Power Station, Units 1 and 2, located in Louisa County, Virginia.

The proposed amendment would have revised the Technical Specifications to ensure the emergency ventilation system is maintained operable consistent with the assumptions in the radiological dose consequences re-analysis from a large break loss-of-coolant accident, and to clearly identify that the ventilation
