SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0684

Title: Amendment to the Commission's Rules Regarding a Plan for Sharing the Costs of Microwave Relocation.

Form No.: N/A.

Type of Review: Extension and revision of a currently approved collection.

Respondents: Business or other for-profit institutions (Personal Communications Services providers and Fixed Microwave Service providers), not-for-profit institutions (associations representing providers listed above); public safety agencies.

*Number of Respondents: Existing collection approval—*2,000 industry respondents submitting information to each other and to the clearinghouses, 1 industry respondent serving as the clearinghouse; *Additional collection—*20 (of the 2000) industry respondents hiring third-party appraisers; 1 industry respondent serving as another clearinghouse.

Estimated Time Per Response: Existing collection approval—.875 hours for the 2000 respondents, 40 hours for the clearinghouse; *Additional collection—*8 hours for the 20 third-party appraisers, 15,125 hours (annual) for a second clearinghouse, and 15,125 hours (annual) for the existing clearinghouse.

Frequency of Response: On occasion reporting requirement for the 2000 respondents and the 20 third-party appraisers; biannual reporting requirement and yearly operation and recordkeeping for the two clearinghouses.

Total Annual Burden: 32,200 hours (1790 existing collection approval, 30,410 additional collection).

Total Annual Cost: \$862,000 (\$180,000 existing collection approval, \$682,000 additional collection).

Needs and Uses: The information collections in this proceeding are necessary to effectuate the relocation of fixed microwave incumbents from the 2 GHz band to clear spectrum for the development of PCS. In addition, the collections are necessary to effectuate the Commission's plan for PCS relocators and subsequent PCS licensees to share the costs of relocating existing 2 GHz microwave facilities, thus providing for a fair and efficient relocation process. The information is used by: 2000 respondents to negotiate relocation costs and submit relocation information to the clearinghouses; and two clearinghouses to determine the reimbursement obligations owed by later-entrant PCS entities. This information collection revises a collection approved by the Office of Management and Budget (OMB) on

August 19, 1996, which revised the new collection that was approved by OMB on December 31, 1995. In particular, this information collection makes the following additions to the currently-approved collection: (1) reflects an additional burden of independent third party appraisal of the relocation costs for self-relocating incumbents; (2) reflects a new estimate of the burden on industry to set up and maintain the clearinghouses.

Federal Communications Commission.

Secretary.
