SUPPLEMENTARY INFORMATION:

Office of the Secretary (OST)

Title: Supporting Statements—Air Carriers' Claims for Subsidy Payments.

OMB Control Number: 2106-0044.

Affected Public: Small air carriers selected by the Department in docketed cases to provide subsidized essential air service.

Abstract: The requested collection of information covers OST Form 397 and OST Form 398.

Need: In 14 CFR part 271 of its Aviation Economic Regulations, the Department provided that subsidy to air carriers for providing essential air service will be paid to the carriers monthly, and that payments will vary according to the actual amount of service performed during the month. The reports of subsidized air carriers of

essential air service performed on the Department's OST Form 397, "Air Carrier's Report of Departures Performed in Scheduled Service" and OST Form 398, "Air Carrier's Claim for Subsidy" establish the fundamental basis for paying these air carriers on a timely basis.

Annual Estimated Burden: 4,176*.

*The annual estimated burden has been increased from 4,020 hours primarily because the essential air service program has been expanded in the amount of service supported (number of round trips per week) in response to increased funding from Congress.

Comments are invited on whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on August 8, 2000.

Michael Robinson,

Information Resource Management, United States Department of Transportation.
