BILLING CODE 3510-22-F

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

[Docket Number: 991210330-0224-03]

RIN 0660-ZA10

Public Telecommunications Facilities Program (PTFP)

AGENCY: National Telecommunications and Information Administration, Commerce.

ACTION: Notice of applications received.

SUMMARY: The National Telecommunications and Information Administration (NTIA) previously announced the solicitation of grant applications for the Pan-Pacific Education and Communications Experiments by Satellite (PEACESAT) Program to compete for funds from the Public Broadcasting, Facilities, Planning and Construction Funds account. This notice announces the list of applications received and notifies any interested party that it may file comments with the Agency supporting or opposing an application.

FOR FURTHER INFORMATION CONTACT: William Cooperman, Director, Public Telecommunications Facilities Program, telephone: (202) 482-5802; fax: (202) 482-2156. Information about the PTFP can also be obtained electronically via Internet (send inquiries to <http://www.ntia.doc.gov>).

SUPPLEMENTARY INFORMATION: By **Federal Register** notice dated February 23, 2000, the NTIA, within the Department of Commerce, announced that it was soliciting grant applications for the Pan-Pacific Education and Communications Experiments by Satellite (PEACESAT) Program to compete for funds from the Public Broadcasting, Facilities, Planning and Construction Funds account. NTIA announced that the closing date for receipt of PTFP applications was 5 p.m. EST, March 29, 2000.

Notice is hereby given that the PTFP received one application from the following organization. Identification of

any application only indicates its receipt. It does not indicate that it has been accepted for review, has been determined to be eligible for funding, or that an application will receive an award.

Any interested party may file comments with the Agency supporting or opposing an application and setting forth the grounds for support or opposition. PTFP will forward a copy of any opposing comments to the applicant. Comments must be sent to PTFP at the following address: NTIA/PTFP, Room 4625, 1401 Constitution Ave., NW., Washington, D.C. 20230.

The Agency will incorporate all comments from the public and any replies from the applicant in the applicant's official file.

File No. 00279 University of Hawaii, Social Science Research Institute, 2530 Dole St., Sakamaki Hall D-200, Honolulu, HI 96822. Contact: Dr. Norman Okamura, Telecommunications Specialist, (808) 956-2909. Funds Requested: \$449,865. Total Project Cost: \$525,343. To support public service and development telecommunications services in the Pacific Island region, including the expansion of new digital services.

Dr. Bernadette McGuire-Rivera,
*Associate Administrator, Office of
Telecommunications and Information
Applications.*

BILLING CODE 3510-60-P

COMMODITY FUTURES TRADING COMMISSION

Application of the Board of Trade of the City of Chicago (CBOT) for Designation as a Contract Market in Dow Jones Internet Composite Index Futures and Futures Options

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice of availability of terms and conditions of proposed commodity futures and futures options contracts.

SUMMARY: The Board of Trade of the City of Chicago (CBOT or Exchange) has applied for designation as a contract market in Dow Jones Internet Composite Index futures and futures options. The Acting Director of the Division of Economic Analysis (Division) of the Commission, acting pursuant to the authority delegated by Commission Regulation 140.96, has determined that publication of the proposals for comment is in the public interest, will assist the Commission in considering the views of interested persons, and is

consistent with the purpose of the Commodity Exchange Act.

DATES: Comments must be received on or before September 14, 2000.

ADDRESSES: Interested persons should submit their views and comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, DC 20581. In addition, comments may be sent by facsimile transmission to facsimile number (202) 418-5521 or by electronic mail to secretary@cftc.gov. Reference should be made to the CBOT Dow Jones Internet Composite Index futures and futures options futures and futures options contracts.

FOR FURTHER INFORMATION CONTACT: Please contact Thomas Leahy of the Division of Economic Analysis, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW, Washington, DC (202) 418-5278. Facsimile number: (202) 418-5527. electronic mail: tleahy@cftc.gov

SUPPLEMENTARY INFORMATION: Copies of the terms and conditions will be available for inspection at the Office of the Secretariat, Commodity Futures Trading Commission, three Lafayette Centre, 1155 21st Street NW, Washington, DC 20581. Copies of the terms and conditions can be obtained through the Office of the Secretariat by mail at the above address or by phone at (202) 418-5100.

Other materials submitted by the CBOT in support of the applications for contract market designation may be available upon request pursuant to the Freedom of Information Act (5 U.S.C. 552) and the Commission's regulations thereunder (17 CFR Part 145 (1997)), except to the extent they are entitled to confidential treatment as set forth in 17 CFR 145.5 and 145.9. Requests for copies of such materials should be made to the FOI, Privacy and Sunshine Act Compliance Staff of the Office of Secretariat at the Commission's headquarters in accordance with 17 CFR 145.7 and 145.8.

Any person interested in submitting written data, views, or arguments on the proposed terms and conditions, or with respect to other materials submitted by the CBOT should send such comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW, Washington, DC 20581 by the specified date.

Dated: Issued in Washington, DC, on August 9, 2000.

John R. Mielke,

Acting Director.

CONSUMER PRODUCT SAFETY COMMISSION

Proposed Collection of Information; Comment Request—Amended Interim Safety Standard for Cellulose Insulation

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed extension of approval of a collection of information from manufacturers and importers of cellulose insulation. The collection of information is in regulations implementing the Amended Interim Safety Standard for Cellulose Insulation (16 CFR Part 1209). These regulations establish testing and recordkeeping requirements for manufacturers and importers of cellulose insulation subject to the amended interim standard. The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than October 16, 2000.

ADDRESSES: Written comments should be mailed to the Office of the Secretary,

Consumer Product Safety Commission, Washington, D.C. 20207, or delivered to that office, room 502, 4330 East-West Highway, Bethesda, Maryland, 20814. Alternatively, comments may be filed by telefacsimile to (301) 504-0127 or by e-mail to cpssc-os@cpssc.gov. Comments should be captioned "Cellulose Insulation."

FOR FURTHER INFORMATION CONTACT: For information about the proposed extension of approval of the collection of information, or to obtain a copy of 16 CFR Part 1211, call or write Linda L. Glatz, Office of Planning and Evaluation, Consumer Product Safety Commission, Washington, D.C. 20207; telephone (301) 504-0416, extension 2226, or by e-mail to lglatz@cpssc.gov.

SUPPLEMENTARY INFORMATION: Cellulose insulation is a form of thermal insulation used in houses and other residential buildings. Most cellulose insulation is manufactured by shredding and grinding used newsprint and adding fire-retardant chemicals.

In 1978, Congress passed the Emergency Interim Consumer Product Safety Standard Act of 1978 (Pub. L. 95-319, 92 Stat. 386). That legislation is contained in section 35 of the Consumer Product Safety Act (15 U.S.C. 2080). This law directed the Commission to issue an interim safety standard incorporating the provisions for flammability and corrosiveness of cellulose insulation set forth in a purchasing specification issued by the General Services Administration (GSA). The law provided further that the interim safety standard should be amended to incorporate the requirements for flammability and corrosiveness of cellulose insulation in each revision to the GSA purchasing specification.

In 1978, the Commission issued the Interim Safety Standard for Cellulose Insulation in accordance with section 35 of the CPSA. In 1979, the Commission amended that standard to incorporate the latest revision of the GSA purchasing specification. The Amended Interim Safety Standard for Cellulose Insulation is codified at 16 CFR Part 1209.

The amended interim standard contains performance tests to assure that cellulose insulation will resist ignition from sustained heat sources, such as smoldering cigarettes or recessed light fixtures, and from small open-flame sources, such as matches or candles. The standard also contains tests to assure that cellulose insulation will not be corrosive to copper, aluminum, or steel if exposed to water.

Certification regulations implementing the standard require manufacturers, importers, and private labelers of cellulose insulation subject to the standard to perform tests to demonstrate that those products meet the requirements of the standard, and to maintain records of those tests. The certification regulations are codified at 16 CFR Part 1209, Subpart B.

The Commission uses the information compiled and maintained by manufacturers, importers, and private labelers of cellulose insulation subject to the standard to help protect the public from risks of injury or death associated with fires involving cellulose insulation. More specifically, this information helps the Commission determine whether cellulose insulation subject to the standard complies with all applicable requirements. The Commission also uses this information to obtain corrective actions if cellulose insulation fails to comply with the standard in a manner that creates a substantial risk of injury to the public.

The Office of Management and Budget (OMB) approved the collection of information in the certification regulations under control number 3041-0022. OMB's most recent extension of approval will expire on January 31, 2001. The Commission now proposes to request an extension of approval without change for the collection of information in the certification regulations.

A. Estimated Burden

The Commission staff estimates that not more than 45 firms manufacture or import cellulose insulation subject to the amended interim standard. The Commission staff estimates that the certification regulations will impose an average annual burden of about 1,320 hours on each of those firms. That burden will result from conducting the testing required by the regulations and maintaining records of the results of that testing. The total annual burden imposed by the regulations on manufacturers and importers of cellulose insulation is approximately 59,400 hours.

The hourly wage for the testing and recordkeeping required to conduct the testing and maintain records required by the regulations is about \$13.50, for an estimated annual cost to the industry of no more than \$802,000.

B. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission
