33 CFR Part 117

[CGD01-00-194]

Drawbridge Operation Regulations: Elizabeth River, NJ

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the South Front Street Bridge, mile 0.0, across the Elizabeth River at Elizabeth, New Jersey. This deviation from the regulations allows the bridge owner to keep the bridge in the closed position for four days: August 29, 2000; September 19, 2000; September 21, 2000; and September 27, 2000, from 7 a.m. through 4 p.m. This action is necessary to facilitate structural repairs at the bridge.

DATES: This deviation is effective August 29, 2000 through September 27, 2000.

FOR FURTHER INFORMATION CONTACT: Judy Yee, Project Officer, First Coast Guard District, at (212) 668-7165.

SUPPLEMENTARY INFORMATION: The South Front Street Bridge, mile 0.0, across the Elizabeth River has a vertical clearance of 3 feet at mean high water, and 8 feet at mean low water in the closed position. The bridge owner, the Union County Division of Engineering, requested a temporary deviation from the operating regulations to facilitate structural repairs at the bridge. The existing operating regulations at 33 CFR 117.719(a) require the bridge to open on signal; except that, from 12 midnight to 7 a.m., the draw shall open on signal if at least three-hours advance notice is given.

This deviation to the operating regulations allows the owner of the South Front Street Bridge to keep the bridge in the closed position for four days: August 29, 2000; September 19, 2000; September 21, 2000, and September 27, 2000, from 7 a.m. through 4 p.m., to facilitate structural repairs at the bridge. Vessels that can pass under the bridge without an opening may do so at all times.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 8, 2000.

[CGD08-00-017]

Drawbridge Operating Regulation; Bayou Boeuf, LA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District has issued a temporary deviation from the regulation in 33 CFR 117 governing the operation of the Burlington Northern Santa Fe Railway, swing span bridge across Bayou Boeuf, mile 10.2, near Amelia, Louisiana. This deviation allows the Burlington Northern Railroad to close the bridge to navigation from 8 a.m. until 5 p.m. and from 7 p.m. until 6 a.m. from August 21, 2000 through August 23, 2000. Presently, the draw is required to open on signal. This temporary deviation is issued to allow for replacement of the bevel gear and shaft, which are part of the locking wedge drive mechanism.

DATES: This deviation is effective from 8 a.m. on Monday, August 21, 2000 through 5 p.m. on Wednesday, August 23, 2000.

ADDRESSES: Unless otherwise indicated, documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (ob), 501 Magazine Street, New Orleans, Louisiana 70130-3396. The Bridge Administration Branch maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: Phil Johnson, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The Bayou Boeuf swing span bridge across Bayou Boeuf, mile 10.2, near Amelia, St. Mary and Assumption Parishes, Louisiana, has a vertical clearance of 6 feet above

high water in the closed-to-navigation position and unlimited clearance in the open-to-navigation position. Navigation on the waterway consists of small tugs with tows, fishing vessels, and recreational craft. The Burlington Northern Santa Fe Railway Company requested a temporary deviation from the normal operation of the drawbridge in order to accommodate the maintenance work, involving removal and replacement of the bevel gear and shaft, components of the locking wedge drive mechanism. This maintenance is necessary for the continued operation of the bridge.

This deviation allows the draw of the Bayou Boeuf swing span drawbridge across Bayou Boeuf, mile 10.2, to remain closed to navigation from 8 a.m. until 5 p.m. and from 7 p.m. until 6 a.m. from August 21, 2000 through August 23, 2000.

Dated: August 7, 2000.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 9

[FRL-6846-8]

OMB Approvals Under the Paperwork Reduction Act; Technical Amendment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this technical amendment amends the table that lists the Office of Management and Budget (OMB) control numbers issued under the PRA for National Emission Standards for Hazardous Air Pollutants for Steel Pickling—HCl Process Facilities and Hydrochloric Acid Regeneration Plants.

EFFECTIVE DATE: This final rule is effective August 17, 2000.

FOR FURTHER INFORMATION CONTACT: Jim Maysilles, Metals Group, Emission Standards Division (MD-13), U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711, telephone number 919-541-3265, facsimile number 919-541-5600, electronic mail address maysilles.jim@epa.gov.

SUPPLEMENTARY INFORMATION: EPA is amending the table of currently

approved information collection request (ICR) control numbers issued by OMB for various regulations. The amendment updates the table to list those information collection requirements promulgated under the National Emission Standards for Hazardous Air Pollutants for Steel Pickling—HCl Process Facilities and Hydrochloric Acid Regeneration Plants, which appeared in the **Federal Register** on June 22, 1999, 64 FR 33218. The affected regulations are codified at 40 CFR part 63, subpart CCC. EPA will continue to present OMB control numbers in a consolidated table format to be codified in 40 CFR part 9 of the Agency's regulations. The table lists CFR citations with reporting, recordkeeping, or other information collection requirements, and the current OMB control numbers. This listing of the OMB control numbers and their subsequent codification in the CFR satisfies the requirements of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) and OMB's implementing regulations at 5 CFR part 1320.

This ICR was previously subject to public notice and comment prior to OMB approval. Due to the technical nature of the table, EPA finds that further notice and comment is unnecessary. As a result, EPA finds that there is "good cause" under section 553(b)(B) of the Administrative Procedure Act, 5 U.S.C. 553(b)(B), to amend this table without prior notice and comment.

I. Administrative Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and is therefore not subject to review by the Office of Management and Budget. In addition, this action does not impose any enforceable duty, contain any unfunded mandate, or impose any significant or unique impact on small governments as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). This rule does not require prior consultation with State, local, and tribal government officials as specified by Executive Order 13084 (63 FR 27655 (May 10, 1998) or involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994). The requirements of Executive Order 13132, entitled Federalism (64 FR 43255, August 10, 1999) do not apply to this rule because State and local governments will not have any direct compliance costs resulting from the rule. Because this action is not subject to notice-and-comment requirements under the

Administrative Procedure Act or any other statute, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because EPA interprets Executive Order 13045 as applying only to those regulatory actions that are based on health or safety risks, such that the analysis required under section 5-501 of the Order has the potential to influence the regulation. This rule is not subject to Executive Order 13045 because it does not establish an environmental standard intended to mitigate health or safety risks. EPA's compliance with these statutes and Executive Orders for the underlying rule is discussed in the June 22, 1999 **Federal Register** document.

Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a good cause finding that notice and public procedure is impracticable, unnecessary or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, EPA has made such a good cause finding, including the reasons therefor, and established an effective date of August 17, 2000. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).
