[DFARS Case 99-D009]

Defense Federal Acquisition Regulation Supplement; Transportation Acquisition Policy

AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: The Director of Defense Procurement has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to revise policy pertaining to the acquisition of transportation, transportation-related services, and transportation in supply contracts. The rule provides for the use of evaluation factors that address support for DoD readiness programs such as the Civil Reserve Air Fleet and the Voluntary Intermodal Sealift Agreement.

EFFECTIVE DATE: August 17, 2000.

FOR FURTHER INFORMATION CONTACT: Amy Williams, Defense Acquisition Regulations Council, OUSD(AT&L)DP(DAR), IMD 3D139, 3062 Defense Pentagon, Washington, DC 20301-3062; telephone (703) 602-0288; telefax (703) 602-0350. Please cite DFARS Case 99-D009.

SUPPLEMENTARY INFORMATION:

A. Background

This rule amends the DFARS to revise policy pertaining to the acquisition of transportation, transportation-related services, and transportation in supply contracts. For contracts for transportation or transportation-related services, the rule specifies that contracting officers should consider using, as evaluation factors or subfactors, the offeror's record of claims involving loss or damage, provider availability, and support for DoD readiness programs such as the Civil Reserve Air Fleet and the Voluntary Intermodal Sealift Agreement. For contracts that will include a significant requirement for transportation of items outside the continental United States, the rule contains a requirement for use of an evaluation factor or subfactor that favors suppliers, third-party logistics providers, and integrated logistics managers that commit to using carriers that participate in one of the readiness programs.

The rule implements a policy memorandum issued by the Under Secretary of Defense (Acquisition, Technology, and Logistics) on January 15, 1998, Subject: Transportation Acquisition Policy. The January 15, 1998, memorandum is available via the Internet at http://www.acq.osd.mil/log/tp/trans__programs/defense__trans__library/tp__library.html. The rule also updates references and organizational names and addresses, and makes other editorial changes.

DoD published a proposed rule at 65 FR 2104 on January 13, 2000. Seven sources submitted comments on the proposed rule. DoD considered all comments in the development of the final rule.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because most small entities that are eligible to transport DoD cargo or passengers already participate in DoD readiness programs.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.

- (a) Total estimated cost of tonnage to be moved at commodity rates;
- (b) Estimated cost at labor-hour rates; and
- (c) Cost of equipment rental.

247.270–6 Contract clauses.

22. Sections 247.301, 247.301-70, and 247.301-71 are added to read as follows:

247.301 General.

247.301-70 Definition.

"Integrated logistics managers" or "third-party logistics providers" means providers of multiple logistics services. Some examples of logistics services are the management of transportation, demand forecasting, information management, inventory maintenance, warehousing, and distribution.

247.301-71 Evaluation factor or subfactor.

For contracts that will include a significant requirement for transportation of items outside CONUS, include an evaluation factor or subfactor that favors suppliers, third-party logistics providers, and integrated logistics managers that commit to using carriers that participate in one of the readiness programs (e.g., Civil Reserve

Air Force Fleet and Voluntary Intermodal Sealift Agreement).

23. Section 247.350-10 is revised to read as follows:

247.305-10 Packing, marking, and consignment instructions.

(b) Consignment instructions must include, as a minimum—

(i) The clear text and coded MILSTRIP data as follows:

(ii) Electronic media—consolidate on a monthly basis.

25. Section 247.570 and 247.571 are revised to read as follows:

247.570 Scope.

This subpart—

(a) Implements the Cargo Preference Act of 1904 (“the 1904 Act”), 10 U.S.C. 2631, which applies to the ocean transportation of cargo owned by, or destined for use by, DoD;

(b) Does not specifically implement the Cargo Preference Act of 1954 (“the 1954 Act”), 46 U.S.C. 1241(b). The 1954 Act is applicable to DoD, but DFARS coverage is not required because compliance with the 1904 Act historically has resulted in DoD exceeding the 1954 Act’s requirements; and

(c) Does not apply to ocean transportation of the following products, in which case FAR subpart 47.5 applies:

(1) Products obtained for contributions to foreign assistance programs.

(2) Products owned by agencies other than DoD, unless the products are clearly identifiable for eventual use by DoD.

247.571 Policy.

(a) DoD contractors must transport supplies, as defined in the clause at 252.247–7023, Transportation of Supplies by Sea, exclusively on U.S.-flag vessels unless—

(1) Those vessels are not available, and the procedures at 247.572–1(d)(1) or 247.572–2(d)(1) are followed;

(2) The proposed charges to the Government are higher than charges to private persons for the transportation of like goods, and the procedures at 247.572–1(d)(2) or 247.572–2(d)(2) are followed; or

(3) The Secretary of the Navy or the Secretary of the Army determines that the proposed freight charges are excessive or unreasonable in accordance with 247.572–1(d)(3) or 247.572–2(d)(3).

(b) Contracts must provide for the use of Government-owned vessels when

security classifications prohibit the use of other than Government-owned vessels.

(c)(1) Any vessel used under a time charter contract for the transportation of supplies under this section must have any reflagging or repair work, as defined in the clause at 252.247–7025, Reflagging or Repair Work, performed in the United States or its territories, if the reflagging or repair work is performed—

(i) On a vessel for which the contractor submitted an offer in response to the solicitation for the contract; and

(ii) Prior to the acceptance of the vessel by the Government.

(2) The Secretary of Defense may waive this requirement if the Secretary determines that such waiver is critical to the national security of the United States.

26. Sections 247.572–1 and 247.572–2 are revised to read as follows:

247.572–1 Ocean transportation incidental to a contract for supplies, services, or construction.

(a) This subsection applies when ocean transportation is not the principal purpose of the contract, and the cargo to be transported is owned by DoD or is clearly identifiable for eventual use by DoD.

(b) The contracting officer must obtain assistance from the cognizant transportation activity (see 247.105) in developing—

(1) The Government estimate for transportation costs, irrespective of whether freight will be paid directly by the Government; and

(2) Shipping instructions and delivery terms for inclusion in solicitations and contracts that may involve transportation of supplies by sea.

(c) The contracting officer must ask each offeror whether it will transport supplies by sea if awarded the contract (see 247.73(a)). Even if the successful offeror responds that it does not anticipate sea transport of supplies, it may discover during contract performance that ocean transportation is required. In that event, the 1904 Act will apply to the contract, and the contractor must—

(1) Notify the Government that it now intends to use ocean transportation;

(2) Use U.S.-flag vessels unless certain conditions exist (see 247.571(a)); and

(3) Comply with the other requirements of the clause at 252.247–7023, Transportation of Supplies by Sea.

(d) If the contractor notifies the contracting officer that the contractor or a subcontractor considers that—

(1) No U.S.-flag vessels are available, the contracting officer must request

confirmation of the nonavailability from—

(i) The Commander, Military Sealift Command (MSC), through the Contracts and Business Management Directorate, MSC; or

(ii) The Commander, Military Traffic Management Command (MTMC), through the Principal Assistant Responsible for Contracting, MTMC.

(2) The proposed freight charges to the Government, the contractor, or any subcontractor are higher than charges for transportation of like goods to private persons, the contracting officer may approve a request for an exception to the requirement to ship on U.S.-flag vessels for a particular shipment.

(i) Prior to granting an exception, the contracting officer must request advice, oral or written, from the Commander, MSC, or the Commander, MTMC.

(ii) In advising the contracting officer whether to grant the exception, the Commander, MSC, or the Commander, MTMC, must consider, as appropriate, evidence from—

(A) Published tariffs;

(B) Industry publications;

(C) The Maritime Administration; and

(D) Any other available sources.

(3) The freight charges proposed by U.S.-flag carriers are excessive or otherwise unreasonable—

(i) The contracting officer must prepare a report in determination and finding format, and must—

(A) Take into consideration that the 1904 Act is, in part, a subsidy of the U.S.-flag commercial shipping industry that recognizes that lower prices may be available from foreign-flag carriers. Therefore, a lower price for use of a foreign-flag vessel is not a sufficient basis, on its own, to determine that the freight rate proposed by the U.S.-flag carrier is excessive or otherwise unreasonable. However, such a price differential may indicate a need for further review;

(B) Consider, accordingly, not only excessive profits to the carrier (to include vessel owner or operator), if ascertainable, but also excessive costs to the Government (i.e., costs beyond the economic penalty normally incurred by excluding foreign competition) resulting from the use of U.S.-flag vessels in extraordinarily inefficient circumstances; and

(C) Include an analysis of whether the cost is excessive, taking into account factors such as—

(1) The differential between the freight charges proposed by the U.S.-flag carrier and an estimate of what foreign-flag carriers would charge based upon a price analysis;

(2) A comparison of U.S.-flag rates charged on comparable routes;

(3) Efficiency of operation regardless of rate differential (e.g., suitability of the vessel for the required transportation in terms of cargo requirements or vessel capacity, and the commercial reasonableness of vessel positioning required); and

(4) Any other relevant economic and financial considerations.

(ii) The contracting officer must forward the report to—

(A) The Commander, MSC, through the Contracts and Business Management Directorate, MSC; or

(B) The Commander, MTMC, through the Principal Assistant Responsible for Contracting, MTMC.

(iii) If in agreement with the contracting officer, the Commander, MSC, or the Commander, MTMC, will forward the report to the Secretary of the Navy or the Secretary of the Army, respectively, for a determination as to whether the proposed freight charges are excessive or otherwise unreasonable.

247.572-2 Direct purchase of ocean transportation services.

(a) This subsection applies when ocean transportation is the principal purpose of the contract, including—

- (1) Time charters;
- (2) Voyage charters;
- (3) Contracts for charter vessel services;

(4) Dedicated contractor contracts for charter vessel services;

(5) Ocean bills of lading; and

(6) Subcontracts under Government contracts or agreements for ocean transportation services.

(b) Coordinate these acquisitions, as appropriate, with the U.S. Transportation Command, the DoD single manager for commercial transportation and related services, other than Service-unique or theater-assigned transportation assets, in accordance with DoD 5158.4, United States Transportation Command.

(c) All solicitations within the scope of this subsection must provide—

- (1) A preference for U.S.-flag vessels in accordance with the 1904 Act; and
- (2) An evaluation factor or subfactor for offeror participation in the Voluntary Intermodal Sealift Agreement.

(d) Do not award a contract of the type described in paragraph (a) of this subsection for a foreign-flag vessel unless—

(1) The Commander, MSC, or the Commander, MTMC, determines that no U.S.-flag vessels are available.

(i) The Commander, MSC, and the Commander, MTMC, are authorized to make any determinations as to the availability of U.S.-flag vessels to ensure the proper use of Government and private U.S. vessels.

(ii) The contracting officer must request such determinations—

(A) For voyage and time charters, through the Contracts and Business Management Directorate, MSC; and

(B) For ocean and intermodal transportation of DoD and DoD-sponsored cargoes, as applicable under contracts awarded by MTMC, including contracts for shipment of military household goods, through the Chiefs of the MTMC Ocean Cargo Clearance Authority.

(iii) In the absence of regularly scheduled U.S.-flag service to fulfill stated DoD requirements under MTMC solicitations or rate requests, the Commander, MTMC, may grant, on a case-by-case basis, an on-going nonavailability determination for foreign-flag service approval with pre-determined review date(s);

(2) The contracting officer determines that the U.S.-flag carrier has proposed to the Government freight charges that are higher than charges to private persons for transportation of like goods, and obtains the approval of the Commander, MSC, or the Commander, MTMC; or

(3) The Secretary of the Navy or the Secretary of the Army determines that the proposed freight charges for U.S.-flag vessels are excessive or otherwise unreasonable.

(i) After considering the factors in 247.572-1(d)(3)(i)(A) and (B), if the contracting officer concludes that the freight charges proposed by U.S.-flag carriers may be excessive or otherwise unreasonable, the contracting officer must prepare a report in determination and finding format that includes, as appropriate—

(A) An analysis of the carrier's costs in accordance with FAR Subpart 15.4, or profit in accordance with 215.404-4. The costs or profit should not be so high as to make it unreasonable to apply the preference for U.S.-flag vessels;

(B) A description of efforts taken pursuant to FAR 15.405, to negotiate a reasonable price. For the purpose of FAR 15.405(d), this report is the referral to a level above the contracting officer; and

(C) An analysis of whether the costs are excessive (i.e., costs beyond the economic penalty normally incurred by excluding foreign competition), taking into consideration factors such as those listed at 247.572-1(d)(3)(i)(C).

(ii) The contracting officer must forward the report to—

(A) The commander, MSC, through the Contracts and Business Management Directorate, MSC; or

(B) The Commander, MTMC, through the Principal Assistant Responsible for Contracting, MTMC.

(iii) If an agreement with the contracting officer, the Commander, MSC, or the Commander, MTMC, will forward the report to the Secretary of the Navy or the Secretary of the Army, respectively, for a determination as to whether the proposed freight charges are excessive or otherwise unreasonable.

(2) Submit any associated request for price adjustment to the Contracting Officer within 10 working days of the vessel sailing time.

SUPPLEMENTARY INFORMATION:**A. Background**

This interim rule amends the DFARS to convert programs based on the Standard Industrial Classification (SIC) system to the North American Industry Classification System (NAICS). The Small Business Administration (SBA) issued a final rule at 65 FR 30836 on May 15, 2000, providing a new size standards listing that is based on NAICS rather than SIC codes. The SBA rule requires Federal agencies to use the new size standards, beginning October 1, 2000, to determine whether a business is a small business concern. An interim rule amending the Federal Acquisition Regulation was published at 65 FR 46055 on July 26, 2000, with an effective date of October 1, 2000, to establish policy for use of the new size standards in Government acquisitions. This rule makes corresponding changes to the DFARS.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because this rule implements the final rule issued by SBA on May 15, 2000, and SBA has certified that the impact of the change from SIC to NAICS on each business will not be substantial. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2000-D015.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to publish this interim rule prior to affording the public an opportunity to comment. The SBA issued a final rule on May 15, 2000, providing a new size standards listing that is based on NAICS rather than SIC codes. The SBA rule requires Federal agencies to use the new size standards, beginning October 1, 2000, to determine whether a business is a small business concern. An interim rule amending the Federal Acquisition Regulation was published on July 26, 2000, with an effective date of October 1, 2000, to establish policy for use of the new size standards in Government acquisitions. Corresponding changes to the DFARS are now needed. The required implementation date of October 1, 2000, does not permit time for issuance of a proposed rule and evaluation of public comments. DoD will consider comments received in response to this interim rule in the formation of the final rule.
