**INTERNATIONAL TRADE  
COMMISSION****[Investigation No. 731–TA–856 (Final)]****Certain Ammonium Nitrate From  
Russia****Determination**

On the basis of the record<sup>1</sup> developed  
in the subject investigation, the United  
States International Trade Commission  
determines,<sup>2</sup> pursuant to section 735(b)  
of the Tariff Act of 1930 (19 U.S.C.  
1673d(b)) (the Act), that an industry in  
the United States is materially injured  
by reason of imports from Russia of  
certain ammonium nitrate, provided for  
in subheading 3102.30.00 of the  
Harmonized Tariff Schedule of the  
United States, that have been found by  
the Department of Commerce to be sold  
in the United States at less than fair  
value (LTFV). The Commission further  
determines that critical circumstances  
do not exist with respect to the subject  
imports.

**Background**

The Commission instituted this  
investigation effective July 23, 1999,  
following receipt of a petition filed with

<sup>1</sup> The record is defined in § 207.2(f) of the  
Commission's Rules of Practice and Procedure (19  
CFR 207.2(f)).

the Commission and the Department of  
Commerce by the ad hoc Committee for  
Fair Ammonium Nitrate Trade.<sup>3</sup> The  
final phase of the investigation was  
scheduled<sup>4</sup> by the Commission  
following notification of a preliminary  
determination by the Department of  
Commerce that imports of certain  
ammonium nitrate from Russia were  
being sold at LTFV within the meaning  
of section 733(b) of the Act (19 U.S.C.  
1673b(b)). On May 19, 2000, Commerce  
entered into a suspension agreement  
with Russia; subsequently both  
Commerce and the Commission  
suspended their investigations. On June  
29, 2000, the petitioner requested a  
continuation of the investigation and  
both Commerce and the Commission  
resumed their investigations. Notice of  
the scheduling of the Commission's  
continuation of the investigation and of  
a public hearing to be held in  
connection therewith was given by  
posting copies of the notice in the Office  
of the Secretary, U.S. International  
Trade Commission, Washington, DC,  
and by publishing the notice in the  
**Federal Register** of July 5, 2000 (65 FR  
41489). The hearing was held in  
Washington, DC, on July 11, 2000, and  
all persons who requested the  
opportunity were permitted to appear in  
person or by counsel.

The Commission transmitted its  
determination in this investigation to  
the Secretary of Commerce on August  
14, 2000. The views of the Commission  
are contained in USITC Publication  
3338 (August 2000), entitled Certain  
Ammonium Nitrate from Russia:  
Investigation No. 731–TA–856 (Final).

Issued: August 15, 2000.

By order of the Commission.
