

The Complaint filed in the above-referenced matter alleges that Defendant Jayhawk Pipeline, L.L.C. ("Jayhawk") violated Sections 311(b)(3) and 309(b) of the Federal Water Pollution Control Act, commonly known as the Clean Water Act ("CWA"), 33 U.S.C. 1321(b)(3) and 1319(b). The Complaint, which was filed on January 11, 1999, sought civil penalties and injunctive relief for 16 discharges of oil from Jayhawk's inland oil gathering lines to navigable waters of the United States or adjoining shorelines within the State of Kansas.

Under the proposed Decree, Jayhawk shall pay the United States \$352,500 in civil penalties for the 16 discharges alleged in the Complaint, and 12 additional discharges itemized in Appendix D to the proposed Decree. Additionally, the proposed Decree requires Jayhawk to:

(A) Purge and permanently remove from service the Eastern, Central and Western portions of its gathering line system in accordance with an agreed upon schedule. See Consent Decree at ¶¶ 11–13.

(B) Install a cathodic protection system on all gathering lines which remain in service in accordance with specified industry standards. The system will include periodic close interval and pipe-to-soil surveys and a commitment to perform corrective measures. See Consent Decree at ¶¶ 16–20.

(C) Perform periodic on the ground surveys of all remaining gathering lines in order to identify "Covered Water Bodies" within 500 feet of Jayhawk's remaining lines, and to ensure that the gathering lines meet specified standards for sufficiency of cover. Jayhawk will perform required corrective measures. See Consent Decree at ¶¶ 21–22.

(D) Hydrostatically test all remaining gathering lines located within 500 feet of a Covered Water Body, in order to ensure that the gathering line meets industry standards for structural integrity. See Consent Decree at ¶ 24.

(E) Company with an operation and maintenance manual for its gathering system which complies with federal standards set for trunk lines. Similarly, Jayhawk shall comply with federal standards for employee training set for trunk lines on its gathering system. See Consent Decree at ¶¶ 27–28.

In exchange, the United States is granting Jayhawk a covenant not to sue for civil penalties pursuant to Section 311(b) of the CWA arising from the twenty-eight discharges specified in Appendix D. The United States is also granting Jayhawk a covenant not to sue for injunctive relief under Section

309(b) or 311(e) of the CWA for the work performed pursuant to the Decree.
