

Other government agencies and members of the general public contributed to the planning and evaluation of the proposal and to the preparation of this CCP and EA. Planning involved participation of Refuge staff, Service planners, a consultant to the Service, Refuge neighbors, organizations, local and state governmental agencies, and interested citizens. Planning team and public scoping meetings were held in July, August, September, October, and November 1999, and in January and February 2000. A focus group of 19 participants and 12 participants of an open house session provided comments.

All agencies and individuals are urged to provide comments and suggestions for improving this CCP and EA by September 25, 2000. All comments received by this date will be considered in preparation of the Final CCP and EA.

Dated: August 21, 2000.

William F. Hartwig,
Regional Director.

Availability of the Record of Decision for the Bal'diyaka Interpretive Center

AGENCY: Bureau of Land Management.

ACTION: Notice of Availability of the Record of Decision for the Bal'diyaka Interpretive Center

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), the Coos Bay District of the Bureau of Land Management (BLM), in cooperation with the Confederated Tribes of Coos, Lower Umpqua, and Siuslaw Indians (Confederated Tribes) had an Environmental Impact Statement prepared to address impacts of constructing and operating the Bal'diyaka Interpretive Center in Coos County, Oregon.

The BLM, in partnership with the Confederated Tribes has chosen the No Action Alternative for this project since current budgets will not support the cost of construction and operation of the Bal'diyaka Interpretive Center as described in the Proposed Action of the subject EIS. The No Action Alternative will leave the three action alternative sites in their original condition, will not foreclose future management options at

these sites, and will not impact current budgets.

The Proposed Action in the EIS was to locate the Bal'diyaka Interpretive Center on Gregory Point, which is an approximately 30-acre headland area north of Sunset Bay, west of Cape Arago Highway and south of Lighthouse Way.

A total of four alternatives were explored in the EIS: the No Action Alternative, the Proposed Action, and two alternative locations.

Copies of the Record of Decision will be available for review at the Coos Bay and North Bend Public Libraries, upon request from the BLM, Coos Bay District Office, 1300 Airport Lane, North Bend, OR 97459-2000, and the office of the Confederated Tribes of Coos, Lower Umpqua, and Siuslaw Indians at 1245 Fulton Avenue, Coos Bay, OR 97420.

DATES: The Record of Decision will be available to the public starting August 14, 2000. An appeal period of 30 days will begin with the printing of the Notice of Availability in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, Steven Fowler, Area Manager, 1300 Airport Lane, North Bend, OR 97459-2000.

Notice of Intent To Amend Land Use Plans

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Land Management (BLM), Alturas Field Office (FO), is proposing a Land Tenure Adjustment Action Plan (LTA) for public lands managed by the Alturas FO in Modoc, Lassen, Shasta and Siskiyou Counties. As part of this process, the following BLM Resource Management Plans (RMP) and Management Framework Plans (MFP) will be amended to reflect any needed changes.

- (1) Alturas Resource Management Plan and Environmental Impact Statement (approved 8/28/94).
- (2) Cinder Cone Management Framework Plan (approved July, 1973).
- (3) Mt. Dome Management Framework Plan (approved 11/24/81).

The BLM Alturas FO is seeking public scoping input into this proposed plan amendment. This planning amendment is being conducted pursuant to section 202 of the Federal Land Policy and Management Act, as amended (43 U.S.C. 1712).

SUPPLEMENTARY INFORMATION: This proposed Land Tenure Adjustment Plan has two general goals: (1) To implement and expand on the land acquisition decisions of the BLM Alturas Management Plans; and (2) to expand on the disposal/exchange decisions of the Alturas Management Plans. This Land Tenure Adjustment (LTA) plan amendment is intended to identify broad areas of public lands for disposal through exchange, and broad areas where private lands may be acquired by land exchange. This LTA plan amendment is intended to implement the goals and objectives identified in the Alturas Management Plans by acquiring private lands with potentially high public resource values which will provide better Federal land management, in exchange for public lands that will meet the needs of State and local people as described in section 206(a) of FLPMA. The exchanges proposed in this plan amendment are intended to result in better Federal land management by the BLM, and in better private land management for the landowners who may acquire the public lands through the exchanges. Public scoping meetings on this proposed plan amendment will be held in towns throughout the affected area.

FOR FURTHER INFORMATION CONTACT: Peter Humm, Realty Specialist, or Tim Burke, Field Manager, Bureau of Land Management, Alturas Field Office, 708 West 12th Street, Alturas, CA 96101 or by phone at (530) 233-4666.

DATES: Public scoping comments on this proposed land amendment must be received by the BLM Alturas Field Office, at the above address, not later than October 11, 2000.

Dated: August 16, 2000.
