Notice of Availability of Environmental Assessment (EA)/Finding of No Significant Impact (FONSI) for a Proposed Plan Amendment to the Pony Express Resource Management Plan (RMP)

AGENCY: Bureau of Land Management, Interior.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, the Bureau of Land Management (BLM), Salt Lake Field Office, Utah announces the availability of an EA/FONSI for a plan amendment to the Pony Express RMP. On February 3, 1997, as amended on August 10, 1999, the Salt Lake Field Office published in the **Federal Register** a notice of intent to conduct a plan amendment to the RMP.

Under the Bureau Planning System, Special Recreation Management Areas (SRMA) are designated where significant public recreation issues or management concerns occur. Special or more intensive types of management are typically needed. Detailed activity planning, including recreation, is required in these areas and greater managerial investment is likely. This amendment will accomplish two main objectives: One, designate Fivemile Pass a SRMA, to facilitate the planning process to address recreation use and management issues, needs, and priorities; and two, establish Off-Road Vehicle designations. Designation of a SRMA initiates the activity level planning process, including the development of an activity plan. This activity plan will be developed as a Coordinated Resource Management Plan and address site specific recreation development, maintenance, and operational details such as specific route identification, camping areas, staging areas, facilities (loading ramps, outhouses, weed spray stations, etc.), special stipulations for organized events, use limits, and specific regulations for the area as well as site specific management prescriptions for other resources in the area. The SRMA would be managed primarily for recreational uses, but would remain a multiple-use management area. The existing RMP would be updated for all uses incorporating changes in land use patterns.

DATES: The proposed plan amendment may be protested. The protest period will commence with the date of
