

230, Cost Accounting Standards Administration. DFARS Subpart 230.70, Facilities Capital Employed for Facilities in Use, prescribes use of DD Form 1861 as a means of linking Form CASB-CMF and DD Form 1547, Record of Weighted Guidelines Application. The contracting officer uses DD Form 1861 to record and compute contract facilities capital cost of money and facilities capital employed, and carries the facilities capital employed amount to DD Form 1547 to develop a profit objective. Completion of DD Form 1861 requires contractor information not included on Form CASB-CMF, i.e., distribution percentages of land, buildings, and equipment for the business unit performing the contract. DFARS 230.7004-2 directs the contracting officer to choose the most practical method of obtaining this information, e.g., through the contract administration office or corporate administrative contracting officer, or through a solicitation provision.
