The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The contract proposals and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the contract proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Library of Medicine Special Emphasis Panel, VHP Anatomical Methods.

Date: September 19, 2000.

Time: 1 PM to 5 PM.

Agenda: To review and evaluate contract proposals.

Place: National Library of Medicine, Building 38A, HPCC Conference Room B1N30Q, 8600 Rockville Pike, Bethesda, MD 20894, (Telephone Conference Call).

Contact Person: Donald Jenkins, BS, PHC, PhD, Project Officer, High Performance Computing & Communications, Lister Hill Nat'l Ctr for Biomed Communications; National Library of Medicine, 8600 Rockville Pike, Bldg 38A, RM B1N30P, Bethesda, MD 20894.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

National Library of Medicine; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of a meeting of the Board of Scientific Counselors, National Library of Medicine.

The meeting will be closed to the public as indicated below in accordance with the provisions set forth in section 552b(c)(6), Title 5 U.S.C., as amended for the review, discussion, and evaluation of individual intramural programs and projects conducted by the National Library of Medicine, including consideration of personnel qualifications and performance, and the competence of individual investigators, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Board of Scientific Counselors, National Library of Medicine, Board of Scientific Counselors, National Center for Biotechnology Information, National Library of Medicine.

Date: October 23–24, 2000.

Time: October 23, 2000, 7:00 PM to 10:00 PM.

Agenda: To review and evaluate personal qualifications and performance, and competence of individual investigators.

Place: Hyatt Regency Hotel, One Bethesda Metro Center, Bethesda, MD 20814.

Time: October 24, 2000, 8:30 AM to 2:00 PM.

Agenda: To review and evaluate personal qualifications and performance, and competence of individual investigators.

Place: National Library of Medicine, 8600 Rockville Pike, Board Room, Bethesda, MD 20894.

Contact Person: David J. Lipman, Director, Natl Ctr for Biotechnology Information, National Library of Medicine, Department of Health and Human Services, Bethesda, MD 20894.

Center for Scientific Review; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Center for Scientific Review Special Emphasis Panel.

Date: September 6, 2000.

Time: 2:30 PM to 3:30 PM.

Agenda: To review and evaluate grant applications.

Place: NIH, Rockledge 2, Bethesda, MD 20892 (Telephone Conference Call).

Contact Person: Mary Clare Walker, Phd, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 5104, MSC 7852, Bethesda, MD 20892, (301) 435–1165.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Name of Committee: Center for Scientific Review Special Emphasis Panel.

Date: September 11, 2000.

Time: 8:30 AM to 5 PM.

Agenda: To review and evaluate grant applications.

Place: Chevy Chase Holiday Inn, 5520 Wisconsin Ave., Chevy Chase, MD 20815.

Contact Person: Narayani Ramakrishnan, Phd, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 2138, MSC 7720, Bethesda, MD 20892, (301) 435–0715, ramakrin@csr.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Prospective Grant of Exclusive License: Drug and Method for the Therapeutic Treatment of Human Brain Tumors

AGENCY: National Institutes of Health, Public Health Service, DHHS.

ACTION: Notice.

SUMMARY: This notice in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(I) that the National Institutes of Health, Department of Health and Human Services, is contemplating the grant of an exclusive world-wide license to U.S. Patents and Patent Applications USPA SN: 60/185,039, entitled: ''Anti-EGFRvIII with Improved Cytotoxicity and Yield, Immunotoxins Based

Thereon and Methods of Use Thereof''; USP SN: 4,892,827, entitled, ''Recombinant *Pseudomonas* Exotoxin: Construction of an Active Immunotoxin with Low Side Effects''—excluding any foreign equivalents corresponding to 4,892,827 (= USSN 06/911,227); USP SN: 5,747,654, entitled, ''Recombinant Disulfide-Stabilized Polypeptide Fragments Having Binding Specificity''; USPA SN: 09/002,753, entitled: ''Recombinant Disulfide-Stabilized Polypeptide Fragments Having Binding Specificity''; USP SN: 6,051,435, entitled: ''Recombinant Antibody-Toxin Fusion Protein''; USPN 5,863,745, entitled: Recombinant Antibody-Toxin Fusion Protein; USPN 5,696,237, entitled: ''Recombinant Antibody-Toxin Fusion Protein'' and corresponding foreign patent applications to IVAX Corporation having an address in Miami, Florida. The United States of America is an assignee of the patent rights in these inventions and the contemplated exclusive license may be limited to the use of TGF-Alpha-PE38 and MR–1–1(dsFv)-PE38KDEL [= Anti-EGFRvIII (dsFv)-PE38KDEL] based immunotoxins as an *In vitro* diagnostic and therapeutic modality for the treatment of human brain tumors.

DATES: Only written comments and/or applications for a license which are received by NIH on or before November 6, 2000 will be considered.

ADDRESSES: Requests for copies of the patent applications, inquiries, comments and other materials relating to this contemplated exclusive licenses should be directed to: J. R. Dixon, Ph.D., Technology Licensing Specialist, Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard, Suite 325, Rockville, Maryland 20852–3804. Telephone: (301) 496–7735 ext. 206; Facsimile: (301) 402-0220, E-Mail: DixonJ@OD.NIH.GOV. A signed Confidentiality Agreement will be required to receive copies of any patent applications.

SUPPLEMENTARY INFORMATION: The technology is directed to the use of TGF-Alpha-PE38 and MR–1–1(dsFv)-PE38KDEL [= Anti-EGFRvIII(dsFv)-PE38KDEL] based immunotoxins as an *in vitro* diagnostic and therapeutic modality for the treatment of human brain tumors.

The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35

U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless within sixty (60) days from the date of this published notice, NIH receives written evidence and argument that establishes that the grant of the exclusive license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Applications for a license [*i.e.,* completed ''Application for License to Public Health Service Inventions''] in the field of use of TGF-Alpha-PE38 and MR–1–1(dsFv)-PE38KDEL [= Anti-EGFRvIII(dsFv)-PE38KDEL] based immunotoxins as an *in vitro* diagnostic and therapeutic modality for the treatment of human brain tumors filed in response to this notice will be treated as objections to the grant of the contemplated exclusive license. Comments and objections will not be made available for public inspection and, to the extent permitted by law, will not be subject to disclosure under the Freedom of Information Act, 5 U.S.C. 552.

Dated: August 30, 2000.

Jack Spiegel,

Director, Division of Technology Development and Transfer, Office of Technology Transfer.

Principles for Recipients of NIH Research Grants and Contracts on Obtaining and Disseminating Biomedical Research Resources: Request for Comments

AGENCY: National Institutes of Health (NIH), Public Health Service, DHHS.

ACTION: Notice.

Introduction: On December 23, 1999, the National Institutes of Health (NIH) published in the **Federal Register** its final notice of a policy entitled Sharing Biomedical Research Resources: Principles and Guidelines for Recipients of NIH Research Grants and Contracts [64 FR 72090]. The policy is designed to provide recipients of NIH funding with guidance concerning appropriate terms for disseminating and acquiring unique research resources developed with federal funds and assist recipients in complying with their obligations under the Bayh-Dole Act and NIH funding policy. This Notice is to obtain public comment on experience realized in implementing the Principles and Guidelines.

Purpose: The subject policy document set forth fundamental principles and guidelines for implementation by patenting and licensing professionals and sponsored research administrators. The intent of the document is to assist Recipients in ensuring that the conditions they impose and accept on the transfer of research tools will facilitate further biomedical research, consistent with the requirements of the Bayh-Dole Act and NIH funding agreements.

Request for Comments: NIH is seeking comments from NIH recipients, academic, not-for-profit, government, and private sector participants (both individuals and institutions or organizations) in biomedical research and development on their experience in implementing and utilizing the Principles and Guidelines included in the subject document. It is the intent of the NIH to use the comments and anecdotal information received from Recipients throughout this first year of implementation to provide the basis for a report to the Advisory Council to the Director, NIH.

Respondents should provide their views on the value of the NIH document and their experience in implementing the document within their institution and with other entities when providing or receiving research tools. We would appreciate receiving information as to the issues or situations encountered, the effect on operations or research, any specific terms or actions in the Guidelines and/or in institution/company documents that were found to be of assistance or problematic, and the name or type of organizations involved (educational institution, for-profit, etc.). Comments offered in confidence should be marked as such.

Comments should be addressed to: Research Tools Guidelines Project, Theodore J. Roumel, NIH Office of Technology Transfer, 6011 Executive Boulevard, Suite 325, Rockville, MD 20852–3804. Comments may also be sent by facsimile transmission to Research Tools Guidelines Project, Attention: Theodore J. Roumel, at 301–402–3257, or by e-mail to *nihott@od.nih.gov.*

DATES: Comments must be received by NIH on or before October 12, 2000.

Dated: August 29, 2000.

Maria C. Freire,

Director, Office of Technology Transfer, National Institutes of Health.
