Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects from Kansas and Nebraska in the Possession of the Kansas State Historical Society, Topeka, KS

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects from Kansas and Nebraska in the possession of the Kansas State Historical Society, Topeka, KS.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by Kansas State Historical Society professional staff in consultation with representatives of the Pawnee Nation of Oklahoma.

During the late 1980's, human remains representing one individual were recovered from the Minneapolis site (14OT5), Ottawa County, KS by Mr. Harold Reed, a local artifact collector. In 1990, Mr. Reed donated these human remains to the Kansas State Historical Society. No known individual was identified. No associated funerary objects are present.

Based on the reported archeological context, this individual has been identified as Native American. Based on material culture, geographic location, and radiocarbon dates, the Minneapolis site has been identified as a Smoky Hill Aspect (Central Plains Tradition) occupation dating from approximately A.D. 1250. Based on temporal position, geographic location, and continuities of material culture, the Smoky Hill Aspect has been identified as ancestral to the Pawnee Nation of Oklahoma.

In 1978, human remains representing three individuals were recovered from site 14SD350, Sheridan County, KS during excavations conducted by a Kansas State Historical Society archeologist. No known individuals
