---------------------	----	---	----	-----

¹ This is a one-time burden associated with change of the due date for the annual report effective with the FY 2001 application.

² For the purpose of burden calculation, it is assumed that all States would apply for the extension requests associated with the Maintenance of Effort (MOE) and Synar requirements and for each waiver. In reality it is expected that only a small number will apply for most waivers.

Proposed Project

State Prevention Needs Assessments: Alcohol and Other Drugs—(OMB No.

0930–0185, Extension)—SAMHSA’s Center for Substance Abuse Prevention (CSAP) has awarded contracts to eight States in cohorts III and IV of the State Prevention Needs Assessment Program to collect data to assess the nature and extent of substance abuse prevention services needs. The family of prevention needs assessment studies applies a core set of measures, instruments, and methodologies developed and standardized under prior State needs assessment state contracts. These needs assessment studies will permit cross-State comparison of risk and protection variables to assist State services planning and allocation of State Block Grant funds, and will assist Federal response to the Government Performance and Results Act (GPRA).

CSAP will seek an 8-month extension of OMB approval for the Virginia student survey to allow the second administration of the student survey and for completion of the Hawaii Community Resource Assessment survey. The annual response burden for this extension is as follows:

Respondent	Number of respondents	Average number of responses/ respondent	Average burden response (hours)	Total burden hours
Currently approved:				
Student Survey	27,120	1	.75	20,340
Young Adult Surveys	5,870	1	.50	2,935

Tobacco Regulation for Substance Abuse Prevention and Treatment—45 CFR Part 96 (OMB No. 0930-0165; extension, no change)—This final rule provides guidance to States regarding compliance with section 1926 of the Public Health Service Act related to sale and distribution of tobacco to minors. The final rule implements section 1926 by specifying the content of the State's annual report on the provisions of the rule and application for block grant funds. The reporting burden shown below represents the average total hours to assemble, format and produce the information for the block grant provision on minors' access to tobacco, in accordance with the requirements of 45 CFR Part 96. These burden hours will be counted towards the total burden for the annual Substance Abuse Prevention and Treatment Block Grant Application Format (OMB No. 0930-0080) for which separate approval is obtained.
