

sanitary removal and treatment of sewage from all vessels on Lake Powell. With this determination, the States' prohibition against discharging any sewage, whether treated or not, from any vessel into Lake Powell is now in effect.

According to the States' application, jurisdictional and enforcement authority for this prohibition will reside with the respective States and the National Park Service. The Utah Department of Environmental Quality, the Utah Department of Natural Resources, the Arizona Department of Environmental Quality, the Arizona Department of Fish and Game, the United States Coast Guard and the National Park Service, and Glen Canyon National Recreation Area, will all be the enforcing agents supporting the prohibition. The Navajo Nation bounds on the southeast portion of Lake Powell, but the jurisdiction of the Navajo Nation is not affected by the application of Utah and Arizona.

The States' application certifies that there are six authorized vessel entry/take-out points on the Lake: Wahweap, Stateline, Hite, Bullfrog, Hall's Crossing, and Antelope Point. The first five locations have major pumpout facilities. Due to the geomorphology of the Lake, it is nearly impossible to remove or launch a vessel from any other point on the Lake. A major water accessible vessel pumpout facility is also located at Dangling Rope. Each major facility has multiple pumps. In addition, eight supplemental mechanically operated floating pump out facilities are located at various areas on the Lake. These pumps are: Warm Creek Bay, located in Warm Creek Bay; Dominiquez Butte, near Lake Powell Channel Mile Marker 22; Rock Creek, near Lake Powell Channel Mile Marker 35; Oak Bay, located near Lake Powell Channel Mile Marker 51; Escalante, located near Lake Powell Channel Mile Marker 68A; Rincon, near Lake Powell Channel Mile Marker 77A; Hall's Creek Bay, located in Hall's Creek Bay on the Eastside; and Forgotten Canyon, near Lake Powell Channel Mile Marker 106. There is a total of sixty-nine pumpouts on the Lake. All the facilities identified above are operational 24 hours per day. None of the facilities identified will exclude any vessel because of insufficient water depth adjacent to the facility. There are no fees to pump out at any facility. Treatment of all wastes from the pumpout facilities is to be in conformance with Federal law. This prohibition action is, therefore, intended to prevent discharge of human wastes to the waters of the Lake to protect public health and the water

quality of this important national resource.

For information, contact Douglas Johnson (8EPR-EP), U.S. Environmental Protection Agency, Region 8, 999 18th Street (Suite 300), Denver, Colorado, 80202-2466. He can also be reached at (303) 312-6834.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission

September 8, 2000.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a current valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before November 20, 2000. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, SW., Washington, DC 20554, or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s) contact Les Smith at 202-418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0624.

Title: Amendment of the Commission's Rules to Establish New Personal Communications Services—Section 24.103(f).

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households; business or other for-profit entities; not-for-profit institutions; and State, Local or Tribal Government.

Number of Respondents: 1,782.

Estimated Time Per Response: 15.1 hrs. (avg.).

Frequency of Response: 1, 5, or 10 yrs.

Total Annual Burden: 26,843 hrs.

Total Annual Cost: \$0.

Needs and Uses: 47 CFR 24.103(f) requires narrowband PCS licensees to notify the Commission at specific benchmarks that systems are in compliance with construction requirements. Requirements were adopted to ensure that licensees quickly construct their systems and that the systems serve significant areas.

Federal Communications Commission.

Magalie Roman Salas,

Secretary.
