Notice of Informal Public Meetings Regarding the Recommendations From the Task Force on Agricultural Air Quality on Agricultural Burning and Voluntary Measures

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Informal Public Meetings.

SUMMARY: The purpose of this notice is to announce that EPA will hold informal public meetings to receive comments on the Agricultural Air Quality Task Force (AAQTF) recommendations regarding the development of an air quality policy on agricultural burning, and on a voluntary (incentive based) control measures policy to address reasonably available control measures (RACM) / best available control measures (BACM) requirements for particulate matter (PM) nonattainment areas. The meetings are open to the public and will be transcribed.

Informal public meetings are scheduled for 6:00 p.m. to 9:00 p.m. in Spokane, Washington on September 27, 2000 at the Ramada Inn, Spokane International Airport, 8909 Airport Road; in Oklahoma City, Oklahoma on October 12, 2000 at Langston University, Oklahoma City Center, 4205 North Lincoln Boulevard; and in New Iberia, Louisiana on October 18, 2000 at the Holiday Inn, 2915 Highway 14.

The EPA is seeking public comment at these meetings on both sets of AAQTF recommendations as it begins to develop policies to address the air quality impacts of agricultural burning, and the use of the U.S. Department of Agriculture's incentive based programs/practices in meeting RACM/BACM requirements. The format of the informal public meetings will be as follows: opening remarks by EPA staff regarding the recommendations, the purpose of the informal public meeting, time for the public to make verbal comments, and time for EPA to answer clarifying questions. These informal public meetings will be limited to comments relevant to the agricultural burning recommendations and the voluntary measures recommendations. The EPA will not offer its evaluation nor engage in debate on the issues during these meetings.

Members of the public who are interested in presenting comments relative to the recommendations should, if possible, notify the EPA official
