ACTION: Notice of Informal Public Meetings.

SUMMARY: The purpose of this notice is to announce that EPA will hold informal public meetings to receive comments on the Agricultural Air Quality Task Force (AAQTF) recommendations regarding the development of an air quality policy on agricultural burning, and on a voluntary (incentive based) control measures policy to address reasonably available control measures (RACM) / best available control measures (BACM) requirements for particulate matter (PM) nonattainment areas. The meetings are open to the public and will be transcribed.

Workshop Report on Characterizing Ecological Risk at the Watershed Scale

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of final report.

SUMMARY: The Environmental Protection Agency (EPA), National Center for Environmental Assessment (NCEA), is announcing the availability of a final report, Workshop Report on Characterizing Ecological Risk at the Watershed Scale (EPA/600/R-99/111, February 2000). This workshop was funded through an interagency agreement between EPA and the Tennessee Valley Authority (TVA) and was held on July 7 and 8, 1999, at the Crystal City Marriott in Arlington, VA. The workshop was organized to address the application of ecological risk assessment to watershed management and decision making—in particular the challenge of characterizing risks that involve numerous stressors, interconnected pathways, and multiple endpoints. Participants representing federal agencies, academia, consulting firms, and environmental organizations were invited to attend based on their experience in ecological risk assessment, watershed management, or regional scale assessment. Workshop participants were asked to focus on those aspects for characterizing risk at the watershed scale deemed most in need of a procedural framework. This report reflects the results of those discussions and provides recommendations for estimating and describing risks to valued ecological resources at the watershed scale.

ADDRESSES: The document is available primarily on the Internet at <http://www.epa.gov/ncea> under the What's New and Publications menus. A limited number of paper copies of the report are available from the EPA's National Service Center for Environmental Publications (NSCEP), P.O.
