#### Citrus Canker; Addition to Quarantined Areas; Correction

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Interim rule; correction.

**SUMMARY:** In an interim rule published in the *Federal Register* on September 5, 2000, we amended the citrus canker regulations by adding portions of several counties in Florida to the list of quarantined areas and by expanding the boundaries of the quarantined areas in several counties in Florida due to recent detections of citrus canker in these areas.

The interim rule contained an error in the description of a quarantined area. This document corrects this error.

**DATES:** This correction is effective September 26, 2000. We invite you to comment on the interim rule (Docket No. 00-036-1), as corrected by this document. We will consider all comments that we receive by November 6, 2000.

**SUPPLEMENTARY INFORMATION:** In an interim rule published in the *Federal Register* on September 5, 2000 (65 FR 53528-53531, Docket No. 00-036-1), we stated that we were amending the citrus canker regulations by adding portions of Hendry, Hillsborough, and Palm Beach Counties, FL, to the list of quarantined areas and by expanding the boundaries of the quarantined areas in Broward, Collier, Dade, and Manatee Counties, FL, due to recent detections of citrus canker in these areas.

Although Palm Beach County was listed, our description of quarantined areas did not include any portions of Palm Beach County. Palm Beach County should not have been listed. We are correcting this error in this document.

Done in Washington, DC, this 20th day of September 2000.
