11. New York Independent System Operator, Inc.

[Docket No. ER00-3736-000]

Take notice that on September 20, 2000, the New York Independent System Operator, Inc. (NYISO) filed revisions to Schedule 1 of its Open Access Transmission Tariff.

The NYISO requests an effective date of October 1, 2000 and waiver of the Commission's notice requirements.

A copy of this filing was served upon all persons who have signed Service Agreements under the NYISO Open Access Transmission Tariff and on the electric utility regulatory agencies in New York, New Jersey and Pennsylvania.

Comment date: October 11, 2000, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraphs

E. Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211

and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of these filings are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Notice of Availability of Persistent Toxic Substance Reports Published in Response to the United States' Commitments in "The Great Lakes Binational Toxics Strategy"

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability and opportunity to comment.

SUMMARY: "The Great Lakes Binational Toxics Strategy; Canada-United States Strategy for the Virtual Elimination of Persistent Toxic Substances in the Great Lakes" (the Strategy), was signed on April 7, 1997. The Strategy set forth a number of challenges to be met on the path toward virtual elimination of the Level I Strategy substances.

In addition, the Strategy identifies a four-step analytical process that Environment Canada and the United States Environmental Protection Agency, in cooperation with their partners, will use in working toward virtual elimination of the Level I

Strategy substances. The four-step process addresses technical and source-related information about the substances (step 1); the analysis of current regulations, initiatives, and programs which manage or control the substances (step 2); the identification of cost-effective options to achieve further reductions (step 3); and the implementation of actions toward the goal of virtual elimination (step 4).

The reports referred to in the title of this notification are in accordance with step 3 of the analytical process, and pertain to Mercury, Polychlorinated Biphenyls, Dioxins/Furans, and Benzo(a)Pyrene and Hexachlorobenzene.

In addition, all step 1 and 2 reports for the substances subject to this notification, including Dioxins/Furans, are available on the Binational Toxics Strategy website.

The intended effect of this notification is to make the step 3 reports available to the public and to allow for discussion of these reports. Comments can be submitted to the Binational Toxics Strategy website, creating a forum that will explore the implementation opportunities for actions leading to the goal of virtual elimination of the aforementioned substances.

DATES: The reports will be made available to the public by September 29, 2000. There will be no closing date for comments, as these reports are intended to initiate an on-going discussion of implementation actions to be taken.

ADDRESSES: The reports, along with electronic comment submission instructions, can be found on the Internet at the following address: <http://www.epa.gov/glnpo/bns/>. In addition, written comments may be sent to the appropriate contact person for each report (see table below) at the following address: U.S. EPA, 77 West Jackson Boulevard, Chicago, Illinois, 60604.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted to OMB for Review and Approval

September 26, 2000.

SUMMARY: The Federal Communications, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before November 1, 2000. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Judy Boley, Federal Communications Commission, Room 1-C804, 445 12th St., S.W., Washington, DC 20554 or via internet to jboley@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judy Boley at 202-418-0214 or via internet at jboley@fcc.gov.

SUPPLEMENTARY INFORMATION: OMB Control Number: 3060-0270.

Title: Section 90.443, Content of Station Records.

Form Number: N/A.

Type of Review: Extension of currently approved collection.

Respondents: Businesses or other for-profit entities, individual or households, not-for-profit institutions, and state, local or tribal government.

Number of Respondents: 57,410.

Estimated Time Per Response: .083 hours.

Frequency of Response: Recordkeeping requirement.

Total Annual Burden: 4,765 hours.

Total Annual Cost: N/A.

Needs and Uses: The rule specifies the records required to be maintained by station licensees. These records indicate maintenance performed on the licensee's equipment, and instances of tower light checks and failures, if any, and corrective action taken. The maintenance records could be used by the licensee or Commission field personnel to note any recurring equipment problems or conditions that may lead to degraded equipment performance and/or interference generation. The records regarding tower lighting are required to ensure that the licensee is aware of tower light condition and proper operation, in order to prevent and/or correct any hazards to air navigation.
