Currency Conversions

We made currency conversions into U.S. dollars in accordance with section 773A of the Act based on exchange rates in effect on the dates of the U.S. sales, as obtained from the Federal Reserve Bank (the Department's preferred source for exchange rates).

Verification

In accordance with section 782(i) of the Act, we intend to verify all information relied upon in making our final determinations.

Suspension of Liquidation

Because of our preliminary affirmative critical circumstances findings in the cases involving India and the PRC, we are directing the Customs Service to suspend liquidation of any unliquidated entries of steel wire rope from India and the PRC entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days prior to the date on which this notice is published in the **Federal Register**. We are instructing the Customs Service to require a cash deposit or the posting of a bond equal to the weighted-average amount by which the NV exceeds the EP or CEP, as indicated in the chart below for imports from India and the PRC. These instructions suspending liquidation will remain in effect until further notice.

Because we preliminarily determined that steel wire rope from Malaysia is not being sold at LTFV, we are not suspending liquidation of such merchandise at this time.

The weighted-average dumping margins are provided below:

Manufacturer/exporter	Margin (percent)
India:	
Usha Martin Industries, Ltd	21.14
All Others	21.14
Malaysia:	
Kiswire SDN.BHD	0.18

Nantong Wire Rope Company*	56.54
Nantong Zhongde	118.78

Manufacturer/exporter	Margin (percent)
PRC-Wide Rate	118.78

***All Others**

The PRC-wide rate applies to all entries of the subject merchandise except for entries from exporters/factories that are identified individually above.

Disclosure

The Department will disclose calculations performed within five days of the date of publication of this notice to the parties of the proceedings in these investigations in accordance with 19 CFR 351.224(b).

International Trade Commission Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our sales at less than fair value and critical circumstances preliminary determinations. If any of our final antidumping determinations is affirmative, the ITC will determine whether the imports covered by that (those) determination(s) are materially injuring, or threaten material injury to, the U.S. industry. The deadline for that ITC determination would be the later of 120 days after the date of these preliminary determinations or 45 days after the date of our final determinations.

Public Comment

Case briefs for this investigation must be submitted no later than one week after the issuance of the verification reports. Rebuttal briefs must be filed within five days after the deadline for submission of case briefs. A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes. Further, we would appreciate it if parties submitting written comments would provide the Department with an additional copy of the public version of any such comments on diskette.

Section 774 of the Act provides that the Department will hold a hearing to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by any interested party. If a request for a hearing is made in an investigation, the hearing will tentatively be held two days after the deadline for submission of the rebuttal briefs, at the U.S. Department of Commerce, 14th Street and Constitution

Avenue, NW, Washington, DC 20230. In the event that the Department receives requests for hearings from parties to more than one steel wire rope case, the Department may schedule a single hearing to encompass all those cases. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request within 30 days of the publication of this notice. Requests should specify the number of participants and provide a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs.

If this investigation proceeds normally for the Malaysian and PRC cases, we will make our final determinations no later than 75 days after the date of the preliminary determinations. As noted above, the final determination for the Indian case will be issued 135 days after the date of the publication of the preliminary determination.

These determinations are issued and published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: September 25, 2000.
