These two draft guidance documents entitled "Implementation Plan for the Mutual Recognition Agreement Between the European Union and the United States of America: Confidence Building Programme: Overview" and "Implementation Plan for the Mutual Recognition Agreement Between the European Union and the United States of America: Procedures for Joint Confidence Building" provide guidance on how to implement confidence building activities under the Medical Device Annex of the MRA for quality system evaluations and product evaluations. Guidance on implementing an alert system will be issued separately at another time.

## II. Significance of Guidance

These draft guidance documents are intended to provide guidance. The draft guidance documents were developed by FDA and the European Commission (EC) to further implementation of the MRA. This current draft represents the EC's latest edits. FDA will be providing comments to the EC and proposing certain changes that are described in the "FDA Concerns" section of the guidance document. These draft guidance documents do not create or confer any rights for or on any person and do not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statute, regulations, or both.

The agency has adopted good guidance practices (GGP's) which set forth the agency's policies and procedures for the development, issuance, and use of guidance documents (62 FR 8961, February 27, 1997). These guidance documents are issued as a draft Level 1 guidance consistent with GGP's.

**BILLING CODE 4210-33-M**

This report is to be completed by grantees, developers, sponsors, builders, agencies, and/or project owners for reporting contract and subcontract activities of \$10,000 or more under the following programs: Community Development Block Grants (entirement and special rules); Urban Development Action Grants; Housing Development Grants; Multifamily Insured and Nondisaster; Public and Indian Housing Authorities; and contracts entered into by recipients of CDBG rehabilitation assistance.

Contract/subcontract awards of less than \$10,000 need be reported only if such contracts represent a significant portion of your total contracting activity. Include only contracts executed during this reporting period.

This form has been modified to capture Section 3 contract data in columns 7g and 7j. Section 3 requires that the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs shall, to the greatest extent feasible, be directed toward low- and very low-income persons, particularly those who are recipients of government assistance for housing. Recipients using this form to report Section 3 contract data must also use Part I of form HUD-60502 to report employment and training opportunities data. Form HUD-2516 is to be completed

for public and Indian housing and most community development programs. Form HUD-60502 is to be completed by all other HUD programs including State administered community development programs covered under Section 3.

A Section 3 contractor/subcontractor is a business concern that provides economic opportunities to low- and very low-income residents of the metropolitan area (or nonmetropolitan county), including a business concern that is 51 percent or more owned by low- or very low-income residents, employs a substantial number of low- or very low-income residents, or provides substantial contracting or business development opportunities to businesses owned by low- or very low-income residents. Low- and very low-income residents include participants in Youthbuild programs established under Subtitle D of Title IV of the Crime-Related National Affordable Housing Act.

The terms "low-income persons" and "very low-income persons" have the same meanings given the terms in section 3(b)(2) of the United States Housing Act of 1937. Low-income persons mean families (including single persons) whose incomes do not exceed 80 percent of the median income for the area, as determined by the Secretary, with adjustments for smaller and larger families, except that the Secretary may establish income ceilings or lower than 80 percent of the median for the area on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes.
